

The Government of the United States is sponsoring a side event hosted by WFP's Cash-based Transfers Division and the Gender Equality Office.

We would like to invite you to:

EXECUTIVE BOARD SIDE EVENT

“HER MONEY, HER ACCOUNT, HER FUTURE”

Tuesday 28 February 13.30-14.30 in the WFP Headquarters Auditorium

Opening remarks by **Ambassador Cindy McCain**

Introduction by **WFP's Deputy Executive Director Valerie Guarnieri**

Unleashing women's economic power can lift millions out of crisis and food insecurity. Putting money directly into women's accounts can be the first step towards their financial inclusion and resilience.

Moderated by WFP's Director of the Gender Equality Office, **Brenda Behan**, the event brings together experts that include the Director of the Cash-based Transfers Division, **Edith Heines**, BHA's head of delegation, Deputy Assistant Administrator, **Marcia Wong**, and community champions who are supporting women on their path towards digital financial inclusion and economic empowerment in Uganda.
