## DRAFT DECISION\*

The Board takes note of the information in “Report on the Use of the Immediate Response Account (1 January–31 December 2009)” (WFP/EB.A/2010/11-D)

---

\* This is a draft decision. For the final decision adopted by the Board, please refer to the Decisions and Recommendations document issued at the end of the session.

## INTRODUCTION

1. The Immediate Response Account (IRA) was established in December 1991 by the Committee on Food Aid Policies and Programmes (CFA). Its original target level of US\$30 million was increased to US\$35 million in 1995 by the CFA, and to US\$70 million in 2004 at the Board's Second Regular Session. The IRA is a multilateral fund facility that enables WFP to provide immediate food assistance, including logistics and other non-food costs, in emergency situations. Since its inception, the IRA has repeatedly proved to be one of the most effective relief response mechanisms.
2. In 2004, when considering the document "Review of the Immediate Response Account (IRA)" (WFP/EB.3/2004/12-A), the Board requested the Secretariat to submit a formal annual information paper on use of the IRA.
3. This document provides information on the use of the IRA during 2009.

### **Facts about the Immediate Response Account**

Allocations from the IRA are made as loans to eligible operations in anticipation of receiving donor contributions. If no such donations are received, the loan is deemed to be a permanent, non-reimbursable grant from the IRA.

The IRA serves as both a replenishable and a revolving fund. "Revolving" means that funds allocated from the IRA to an operation may subsequently be reimbursed to the IRA account with donor contributions received for that operation. Contributions that are used to revolve the IRA are accounted for and reported under the operation to which the donor pledged them.

Donor contributions made directly to the IRA replenish it. In-kind contributions and contributions with donor conditions such as bag markings restrict the possibility of revolving the IRA.

## USE OF THE IMMEDIATE RESPONSE ACCOUNT, 1 JANUARY – 31 DECEMBER 2009

4. The value of the IRA as a mechanism for WFP's swift response to emerging and rapidly increasing humanitarian needs was again demonstrated in 2009. Allocations from the IRA in 2009 were at their second highest level in five years, with US\$136.5 million allocated to start and support 57 relief operations: 24 protracted relief and recovery operations (PRROs), 5 special operations (SOs), and 28 emergency operations (EMOPs) of which 15 were immediate-response EMOPs approved under the delegated authority of country and regional directors.

5. Through the IRA, WFP was able to respond swiftly to such emergencies as the drought affecting the Horn of Africa, the Gaza crisis, and floods in the Philippines, the Lao People's Democratic Republic and the Democratic People's Republic of Korea. The IRA again provided much-needed upfront funding in 2009 for the pre-positioning of food in Darfur, and enabled WFP to avoid major pipeline breaks in life-saving operations in Pakistan, Niger and Haiti.
6. Following the Executive Board decision to broaden the use of this facility, IRA funds now support several WFP emergency preparedness efforts. In 2009, emergency preparedness and needs assessments for new emerging situations in 7 countries were funded through the IRA.
7. The IRA collaborates with the United Nations Central Emergency Response Fund (CERF) in ensuring WFP's response to life-threatening situations and underfunded emergencies. The CERF remained an important source of funds for WFP in 2009; in-house procedures have been developed to ensure that IRA and CERF applications are complementary rather than overlapping.

<sup>2</sup> Excluding US\$20 million approved by the Executive Board, transferred from the Programme Support and Administrative (PSA) Equalization Account in 2006

8. To secure the replenishment of the IRA, WFP concentrates on advocacy, faster revolving of the account and securing new contributions. In the year 2009, the amount of new contributions to the IRA (US\$52.7 million) was down by 13 percent compared to 2008, which saw the largest amount of contributions received by the IRA in any given year. Revolvement of allocations into the IRA in 2009 amounted to US\$86.3 million.
9. The IRA balance stood at US\$47.2 million at the end of 2009.

## **IMMEDIATE RESPONSE ACCOUNT TARGET LEVEL**

10. As a flexible funding mechanism, the IRA is critical in allowing WFP to respond proactively to emerging humanitarian situations.
11. The IRA's current target level of US\$70 million was increased from US\$35 million in 2004 to reflect the existing level of WFP's operations and cash flow.
