The Annual Report to ECOSOC and the FAO Council is presented at the First Regular Session every year in accordance with the Board's 2004 decision on streamlining corporate reporting to the Board and WFP parent bodies (WFP/EB.A/2004/5-F). At its Second Regular Session in 2006, the Board asked the Secretariat for additional information about the Ending Child Hunger and Undernutrition Initiative (ECHUI). a) Update on the WFP Management Plan (2006–2007)

This update to the Management Plan (2006–2007), the fourth such update submitted to the Board, provides an overview of WFP's position with regard to the operational budget presented in the Management Plan, an overview of the implementation of the Programme Support and Administrative (PSA) budget and the status of the PSA Equalization Account and the General Fund. The National Audit Office (NAO) has carried out an independent audit review of WFP's control and custody of cash balances and its arrangements for fund management. This report, submitted to the Board **for its consideration**, presents the conclusions and recommendations of the audit review.

The Board will have before it, **for information**, the comments and recommendations of the ACABQ and the FAO Finance Committee.

### b) Summary Report of the Mid-Term Evaluation of the India Country Programme (2003–2007)

The evaluation was conducted in April 2006 by a team of three independent international consultants. It assesses the extent to which the current CP, as implemented, has provided the best possible modalities for reaching the intended objectives, on the basis of results to date. The main purpose of the evaluation was to draw lessons from the capacity and model-building initiatives and advocacy efforts for the design of future WFP assistance to India, as well as for the design and planning of similar efforts in other countries and regions. This document is submitted to the Board **for consideration**.

### c) Evaluation of Indonesia Special Operation 10498.0\*

At the request of the WFP Ocean Transport Services, this evaluation was conducted in July/August 2006 by two independent consultants. The WFP shipping service for Aceh and Nias in Indonesia was set up in October 2005 to facilitate delivery by sea and logistics coordination of material, in particular shelter material, for rehabilitation and reconstruction of people's livelihoods following the tsunami. The purpose of the evaluation was primarily to learn from the current operation and opportunities emerging from its implementation as well as to inform the design of any new phase.
