BURJ KHALIFA = 830 m

WFP distributes around 500,000 pieces of flatbread to Syrian refugees at the Zaatari camp in Jordan everyday. If you stacked them all up, they would be three times higher than the world's tallest building, the Burj Khalifa in Dubai.

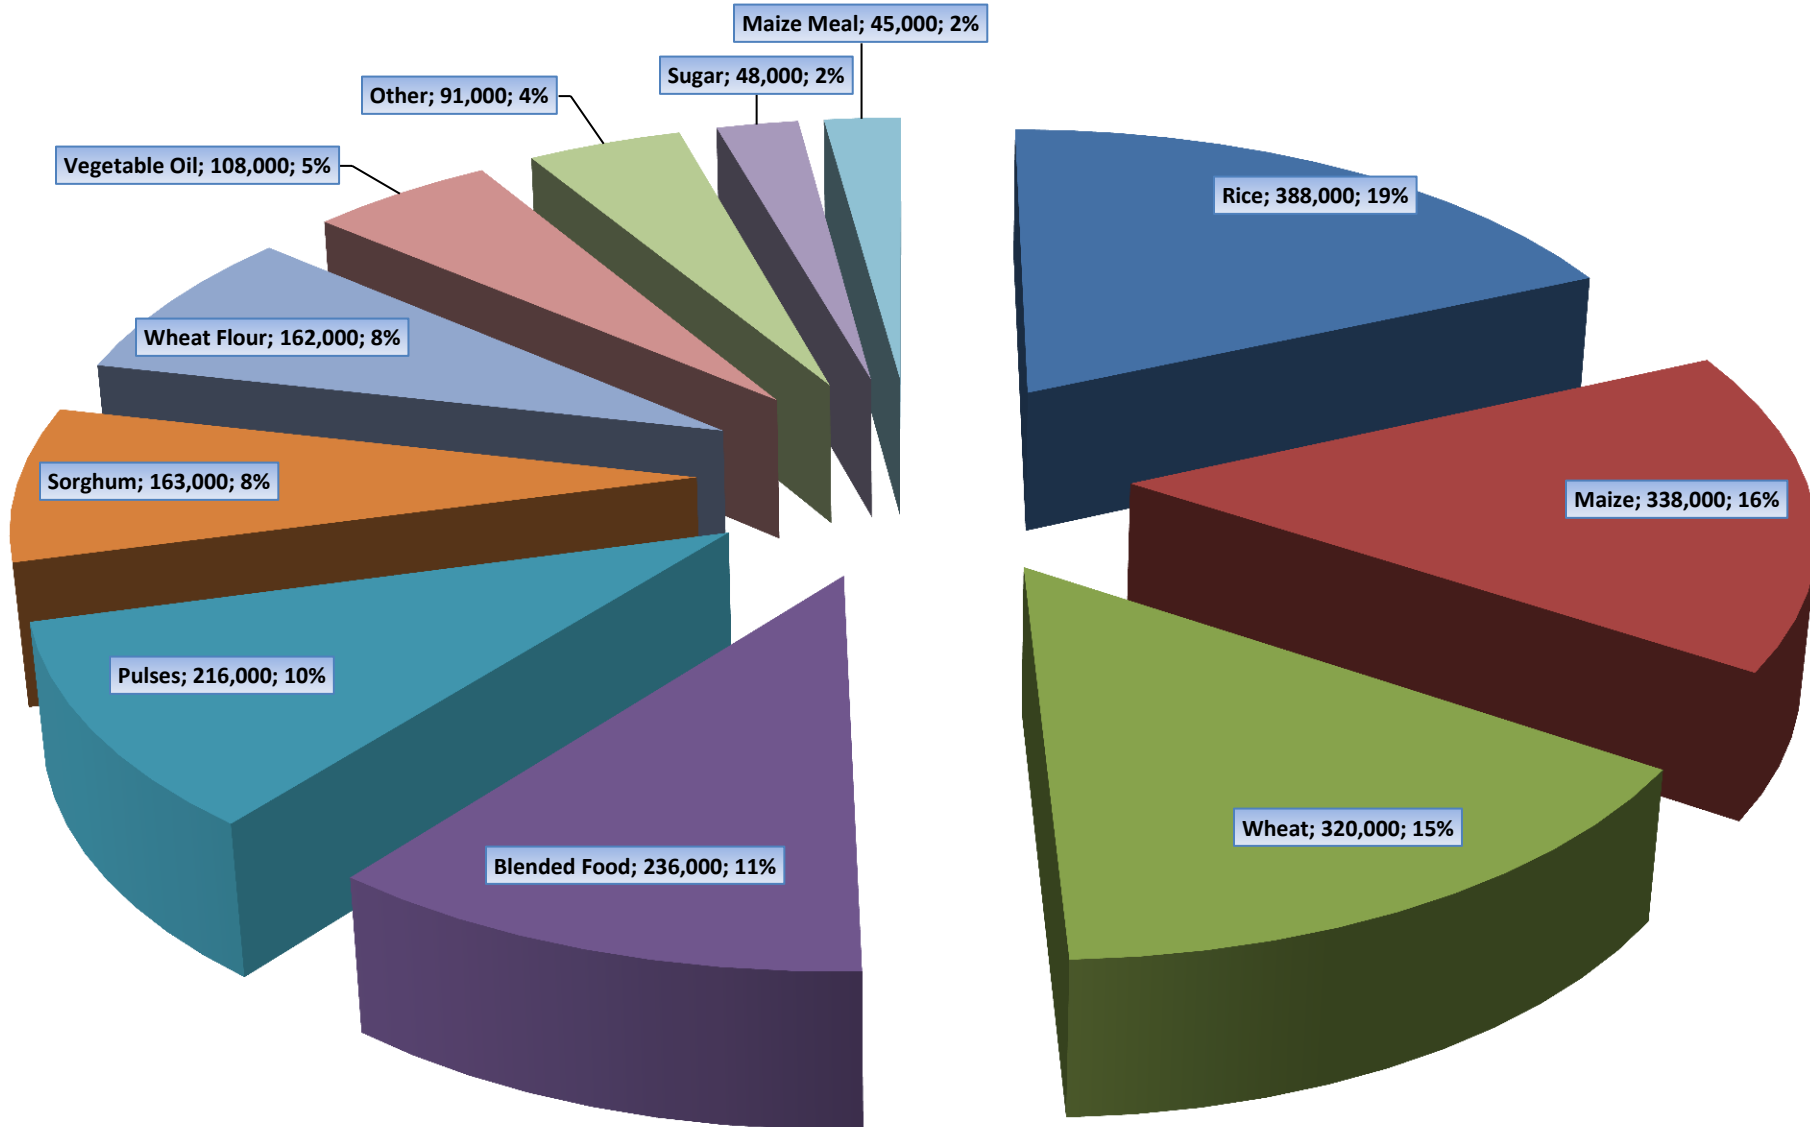

WFP Procurement in 2013

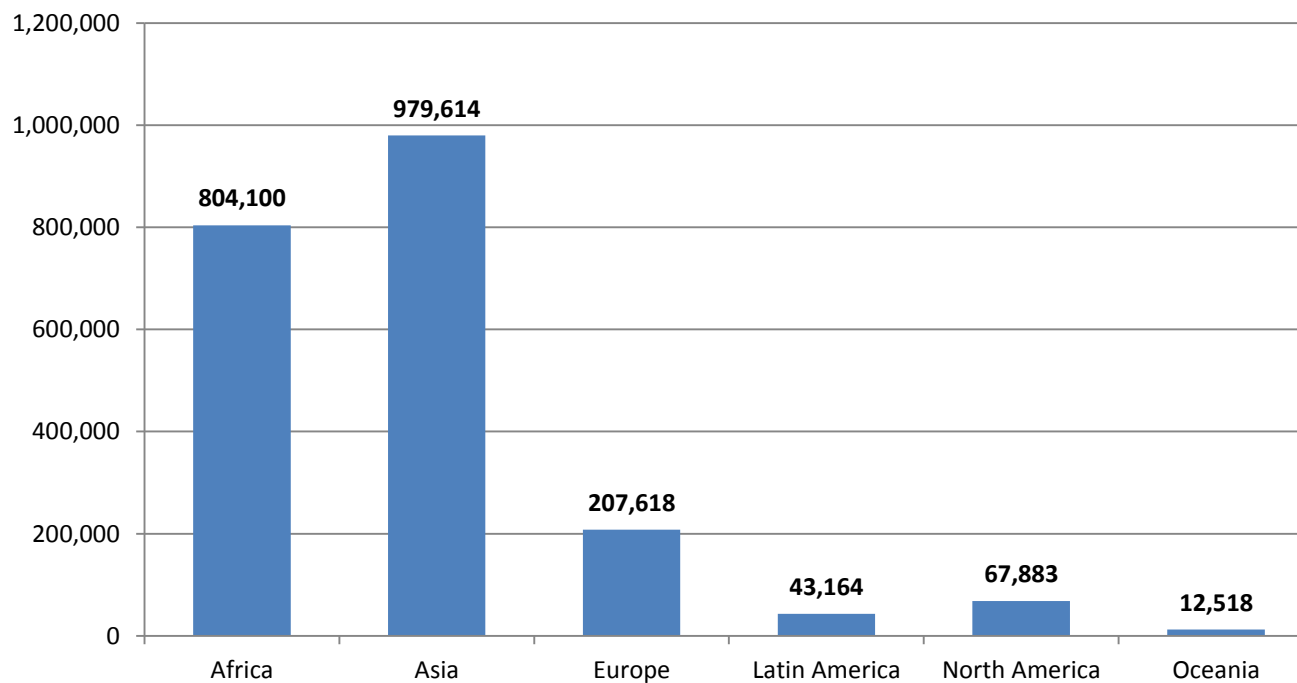

Food Procurement Purchased in 2013

2.1 million metric tons / US\$ 1.2 billion

Purchases by Origin Continent (MT)
