

# Annual Performance Report 2008

WFP/EB.A/2009/4

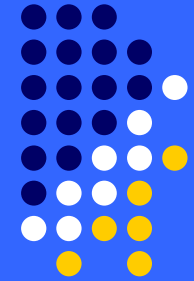

# A Transitional Year for WFP

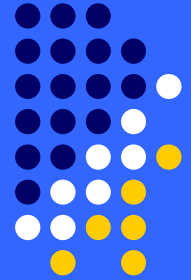

- Complex external factors (food, fuel and financial crises, natural disasters)
- Repositioning WFP (approval of the Strategic Plan 2008–2011)
- New programme tools, including introduction of International Public Sector Accounting Standards (IPSAS)
- Implications for reporting

# Annual Performance Report

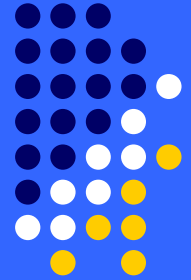

- Primary accountability and learning tool for WFP
- Measures WFP's contribution to ending hunger and achieving the Millennium Development Goals
- Aims towards a risk-based and results-oriented management approach

# APR 2008 – An Overview

- Strategic Context
- Performance Results
- Enhancing WFP Capacities
- Financial Analysis
- Looking Forward

# Strategic Context

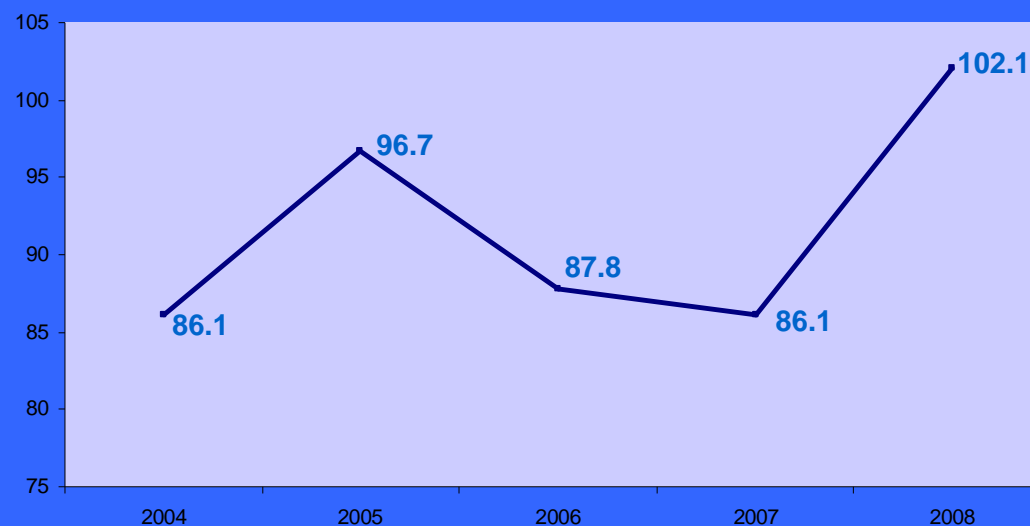

- Fluctuating food prices and fuel costs, hunger trends and WFP's response
