

# Home-Grown School Feeding Resource Framework

Synopsis - March 2018

# The *Home-Grown School Feeding Resource Framework* at a glance

## **MODULE 1**

Understanding Home-Grown School Feeding

SDGs and Benefits

## **MODULE 2**

Planning a HGSF Programme

Vision and Analysis

## **MODULE 3**

Designing and Implementing a HGSF

Programme Objectives, Menus and Synergies

## **MODULE 4**

Monitoring, Evaluation and Reporting

Systems and IndicatorS

# The Way Forward (I): *Technical Assistance and Country Capacity Strengthening*

***Reinforced operational collaboration*** between Rome-Based Agencies, governments, NGOs and private partners

***Multi-partner package of assistance***, incl. assessments, policy and programme support ***for scaling-up***

**Joint initiatives mapping opportunities** for linking ongoing or planned HGSF programmes at country level with relevant interventions and investments in support of agriculture development and rural transformation.

# The Way Forward (II): *A Community of Practice*

*Evidence and knowledge generation* to ensure quality and sustainability of Home-Grown School Feeding

*Fostering South-South and Triangular Cooperation*, and documenting and sharing the South-South experience

Exploring and mapping opportunities to *strengthen the linkages between HGSF and the Multi Stakeholders Essential Package of interventions at country level*

Thank you!
