# School Feeding

Shifting towards technical assistance and capacity strengthening, while maintaining direct implementation where and when requested by governments

-  Countries where WFP is implementing school feeding and complementing national programmes.
-  Countries where WFP supports public policies, provides technical assistance and strengthens national capacities for school feeding.
-  WFP allies in South-South cooperation for school feeding.

# Resilience building

### Strengthening livelihoods by:

- creating/rehabilitating productive assets,
- intensifying production at household level,
- diversifying income sources and
- increasing human capital.

### Capacity strengthening to:

- enhance community resilience,
- reduce disaster risk,
- adapt to climate change, and
- improve emergency response.
