For information

Executive Board documents are available on WFP's website (<https://executiveboard.wfp.org>).

Biennial programme of work of the Executive Board (2025–2026)

1. Since 2005, the biennial programme of work is submitted at the first regular and annual sessions for information and at the second regular session for approval. This document is therefore submitted to the Board for information.
2. The biennial programme of work is a living document that is regularly updated on the basis of information received from the Secretariat and Board members and reviewed by the Bureau at each of its meetings.
3. The biennial programme of work for 2025–2026 is the first to implement the decisions made by the Board at its 2024 annual and second regular sessions as part of the governance review and has been updated to reflect the new distribution of items on the agendas of the sessions. It also presents for the first time the split first regular session, with Part I dedicated only to the election of the Bureau and Part II dedicated to the remaining items on the agenda of that session.
4. It is also noted that, in line with the decision made by the Board as part of the governance review discussions at its 2024 annual session, the previous categories of items (for approval, for consideration and for information) have been reduced to two categories: i) items for decision (such decision could be to approve a policy or a proposal, to take note of a report, to adopt new or revised rules, etc.); and ii) items for information (the purpose of which would be to provide information to the Board on a particular topic, with no prerequisite for the Board to provide guidance or direction to WFP Secretariat).
