Advancing integrated disaster risk management through national systems for food security in the Caribbean

From direct delivery to technical assistance

MACRO AREAS	HOW WFP ADDS VALUE	DELIVERY RESULT
01 DATA & DIGITAL SYSTEMS	Connect early warning, vulnerability data, registries and payment systems.	FASTER DECISION-MAKING for last mile delivery
02 DISASTER RISK FINANCING	Link forecast triggers and sovereign payouts to scalable household assistance.	FINANCE REACHES the right people at the right time
03 REGIONAL LOGISTICS	Consolidate supplies, pre-position stock and coordinate multi-country delivery.	INCREASED COST EFFICIENCIES and reduced lead time
04 SOCIAL PROTECTION & SURGE	Strengthen national delivery platforms; scale direct food, cash and services when capacity is exceeded.	ADAPTIVE SYSTEMS for scale and sustainability

Sustainability and transition

Institutions ready for the future

Investments and partnerships to strengthen regional ownership, capability and infrastructure

Innovative financing for lasting capacity

Pre-arranged disaster risk financing and anticipatory mechanisms under Outcome 2 strengthen national and regional capacity while reducing post-disaster financing needs.

An efficient multi-country model

Focused efforts where needs and capacity gaps converge with a flexibility and adaptability to respond to diversity of member state priorities and demands.
