DESIGN**

EVALUATION INPUTS:

Six recommendations

All integrated into the CSP design

Operational partnerships

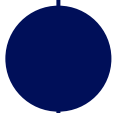

Leverage complementarity and synergies

Integrated activities

Strengthened integration

M&E + evidence

Stronger systems to sustain response and show impact

Strategic Shifts

01

02

03

04

QUALITY OVER VOLUME

Geographic concentration
and clearer prioritization.

PREPAREDNESS

Stronger preparedness,
including anticipatory
action.

INTEGRATED RESILIENCE

A full package at fewer
sites to improve quality.

SYSTEMS STRENGTHENING

Shock-responsive social
protection and transition
to a national HGSP model.

FOCUSED DELIVERY → ANTICIPATE SHOCKS → STRENGTHEN RESILIENCE → ENABLE NATIONAL SYSTEMS
