

Corporate Results Framework (CRF)

An integrated framework supporting the way we work

01 April 16

World Food Programme

Corporate Results Framework – Why?

- Reducing complexity (integrating programme and management results);
- Integration of enabling actions that support programme implementation;
- Strengthening results management cycle throughout the organization;
- Ensuring investments are calibrated against planned and actual results for beneficiaries;
- Optimizing efforts to achieve effectiveness, efficiency and economy of food assistance;
- Harmonizing with sister UN agencies.

**SMART
SIMPLICITY**

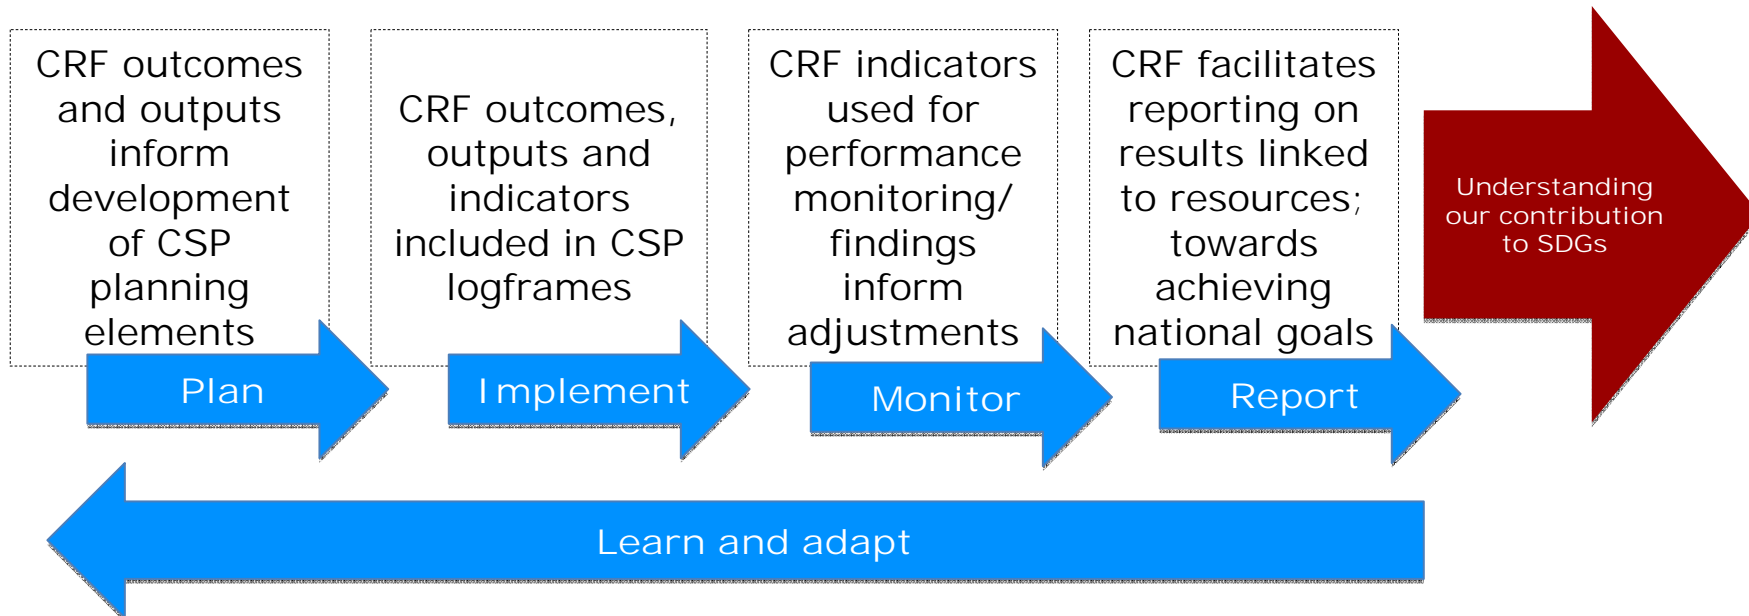

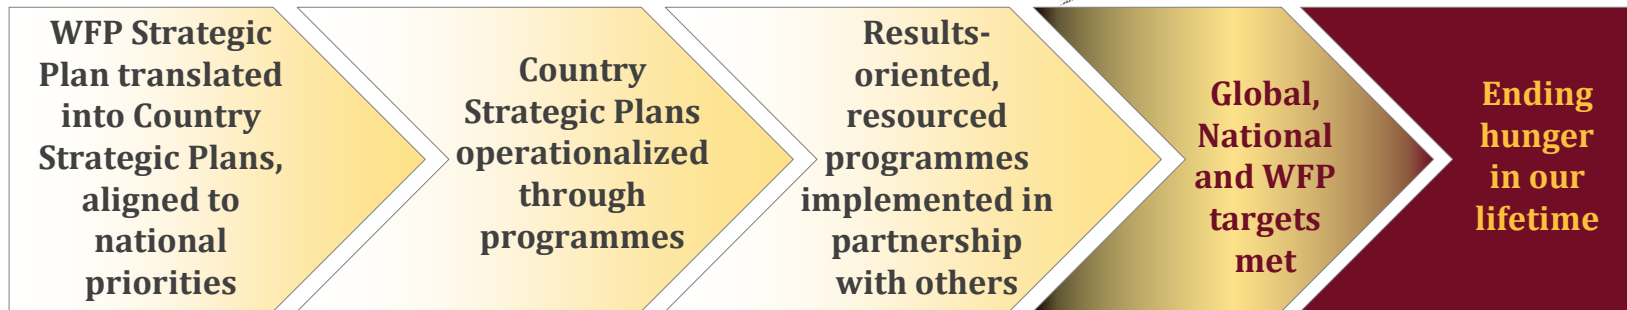

The way WFP operates...

...and how CRF supports it

As defined in WFP's PM policy
