## YEMEN

### Hodeidah

In a worst case scenario, over 3.2 million additional people may require food assistance.

# STATE OF PALESTINE

## Gaza

Behind a façade of normalcy, the daily lives of the poorest are at a breaking point.

## LIBYA

### Re-entry

As the Libya context evolves, so must WFP's response. New directions will include livelihoods, gradual recovery and strengthening of social safety net systems.

## **FUNDING** Situation

Without additional, sufficient support, prioritization – either by geographical area, ration size or vulnerability ranking – remains a harsh reality.

## EDUCATION

### School Meals

WFP currently implements school meals in 12 countries, reaching 4.8 million schoolchildren and their families.
