

World Food Programme

Algeria iCSP 2019-2022

Strategic shifts

SAVING
LIVES
CHANGING
LIVES

Algeria iCSP 2019 - 2022 (SDGs 2; 17)

SR 1 Everyone has access to food

SR 2 No one suffers from malnutrition

SO 1 : Food insecure people in camps meet their basic food and nutrition needs

SO 2 : Population in camps have improved nutrition status by 2022

Activity 1

Provide General Food Assistance

Activity 4

Provide treatment and prevention of MAM to children 6 - 59 months and PLWGs

Activity 2

Provide nutrition-sensitive school feeding / meals

Activity 3

Provide complementary livelihood opportunities

**Total iCSP budget
USD 58.9 M**

Two key strategic shifts, grounded in strong evidence

Evidence-
based
information

**1. Mainstreaming gender
and nutrition**

**2. Diversifying interventions
through innovations**

General Food Assistance

- Slight increase in rations (133 672)
- Food basket diversity
- Community-based targeting

School Feeding

- **Nutrition-sensitive approach**
- **Introduce nutrition education**

Complementary activities

- Scale-up of existing activities
- Sustainable fish farming
- Common resilience approach

Nutrition

- **Reposition WFP**
- **Improve intersectoral coordination**
- **Nutrition education**
- **Initiate a voucher pilot**
