# WFP Nutrition and HIV/AIDS

## Update on the Implementation of the HIV and AIDS Policy

SAVING  
LIVES  
CHANGING  
LIVES

June 2020

A person is sitting on a wooden bench in front of a building with corrugated metal walls. The person is wearing a patterned top and a striped skirt. The background shows a dirt ground and some construction materials.

# **HIV:** *One of the World's Most Serious Challenges*

- At the end of 2018, **37.9 million people were living with HIV**, including **1.7 million newly infected** people
- AIDS is the **leading cause of death among women of reproductive age** and **second-leading cause among adolescents** (10-19 years)

# Implementing the HIV/AIDS Policy

- **UNAIDS co-sponsoring organizations since 2003**
- Co-convenes an IATT on **HIV-sensitive social protection** and one on **HIV services in humanitarian emergencies**
- **WFP works with and supports Governments and partners' HIV responses** by addressing nutrition needs and socio-economic barriers

# WFP Nutrition Reach in 2019

- In 2019, WFP reached **0.4 million beneficiaries** in **18 countries** across five regions with **targeted food and nutrition assistance** for people living with and affected by HIV and TB (HIV/TB specific)
- In 2020, 26 countries had HIV/TB activities in their CSP/ICSPs

# Next direction: the Generations of Tomorrow

- Adolescents are **particularly vulnerable to HIV**
- Key **social protection** instruments serve as mechanisms to reduce HIV risk behaviours

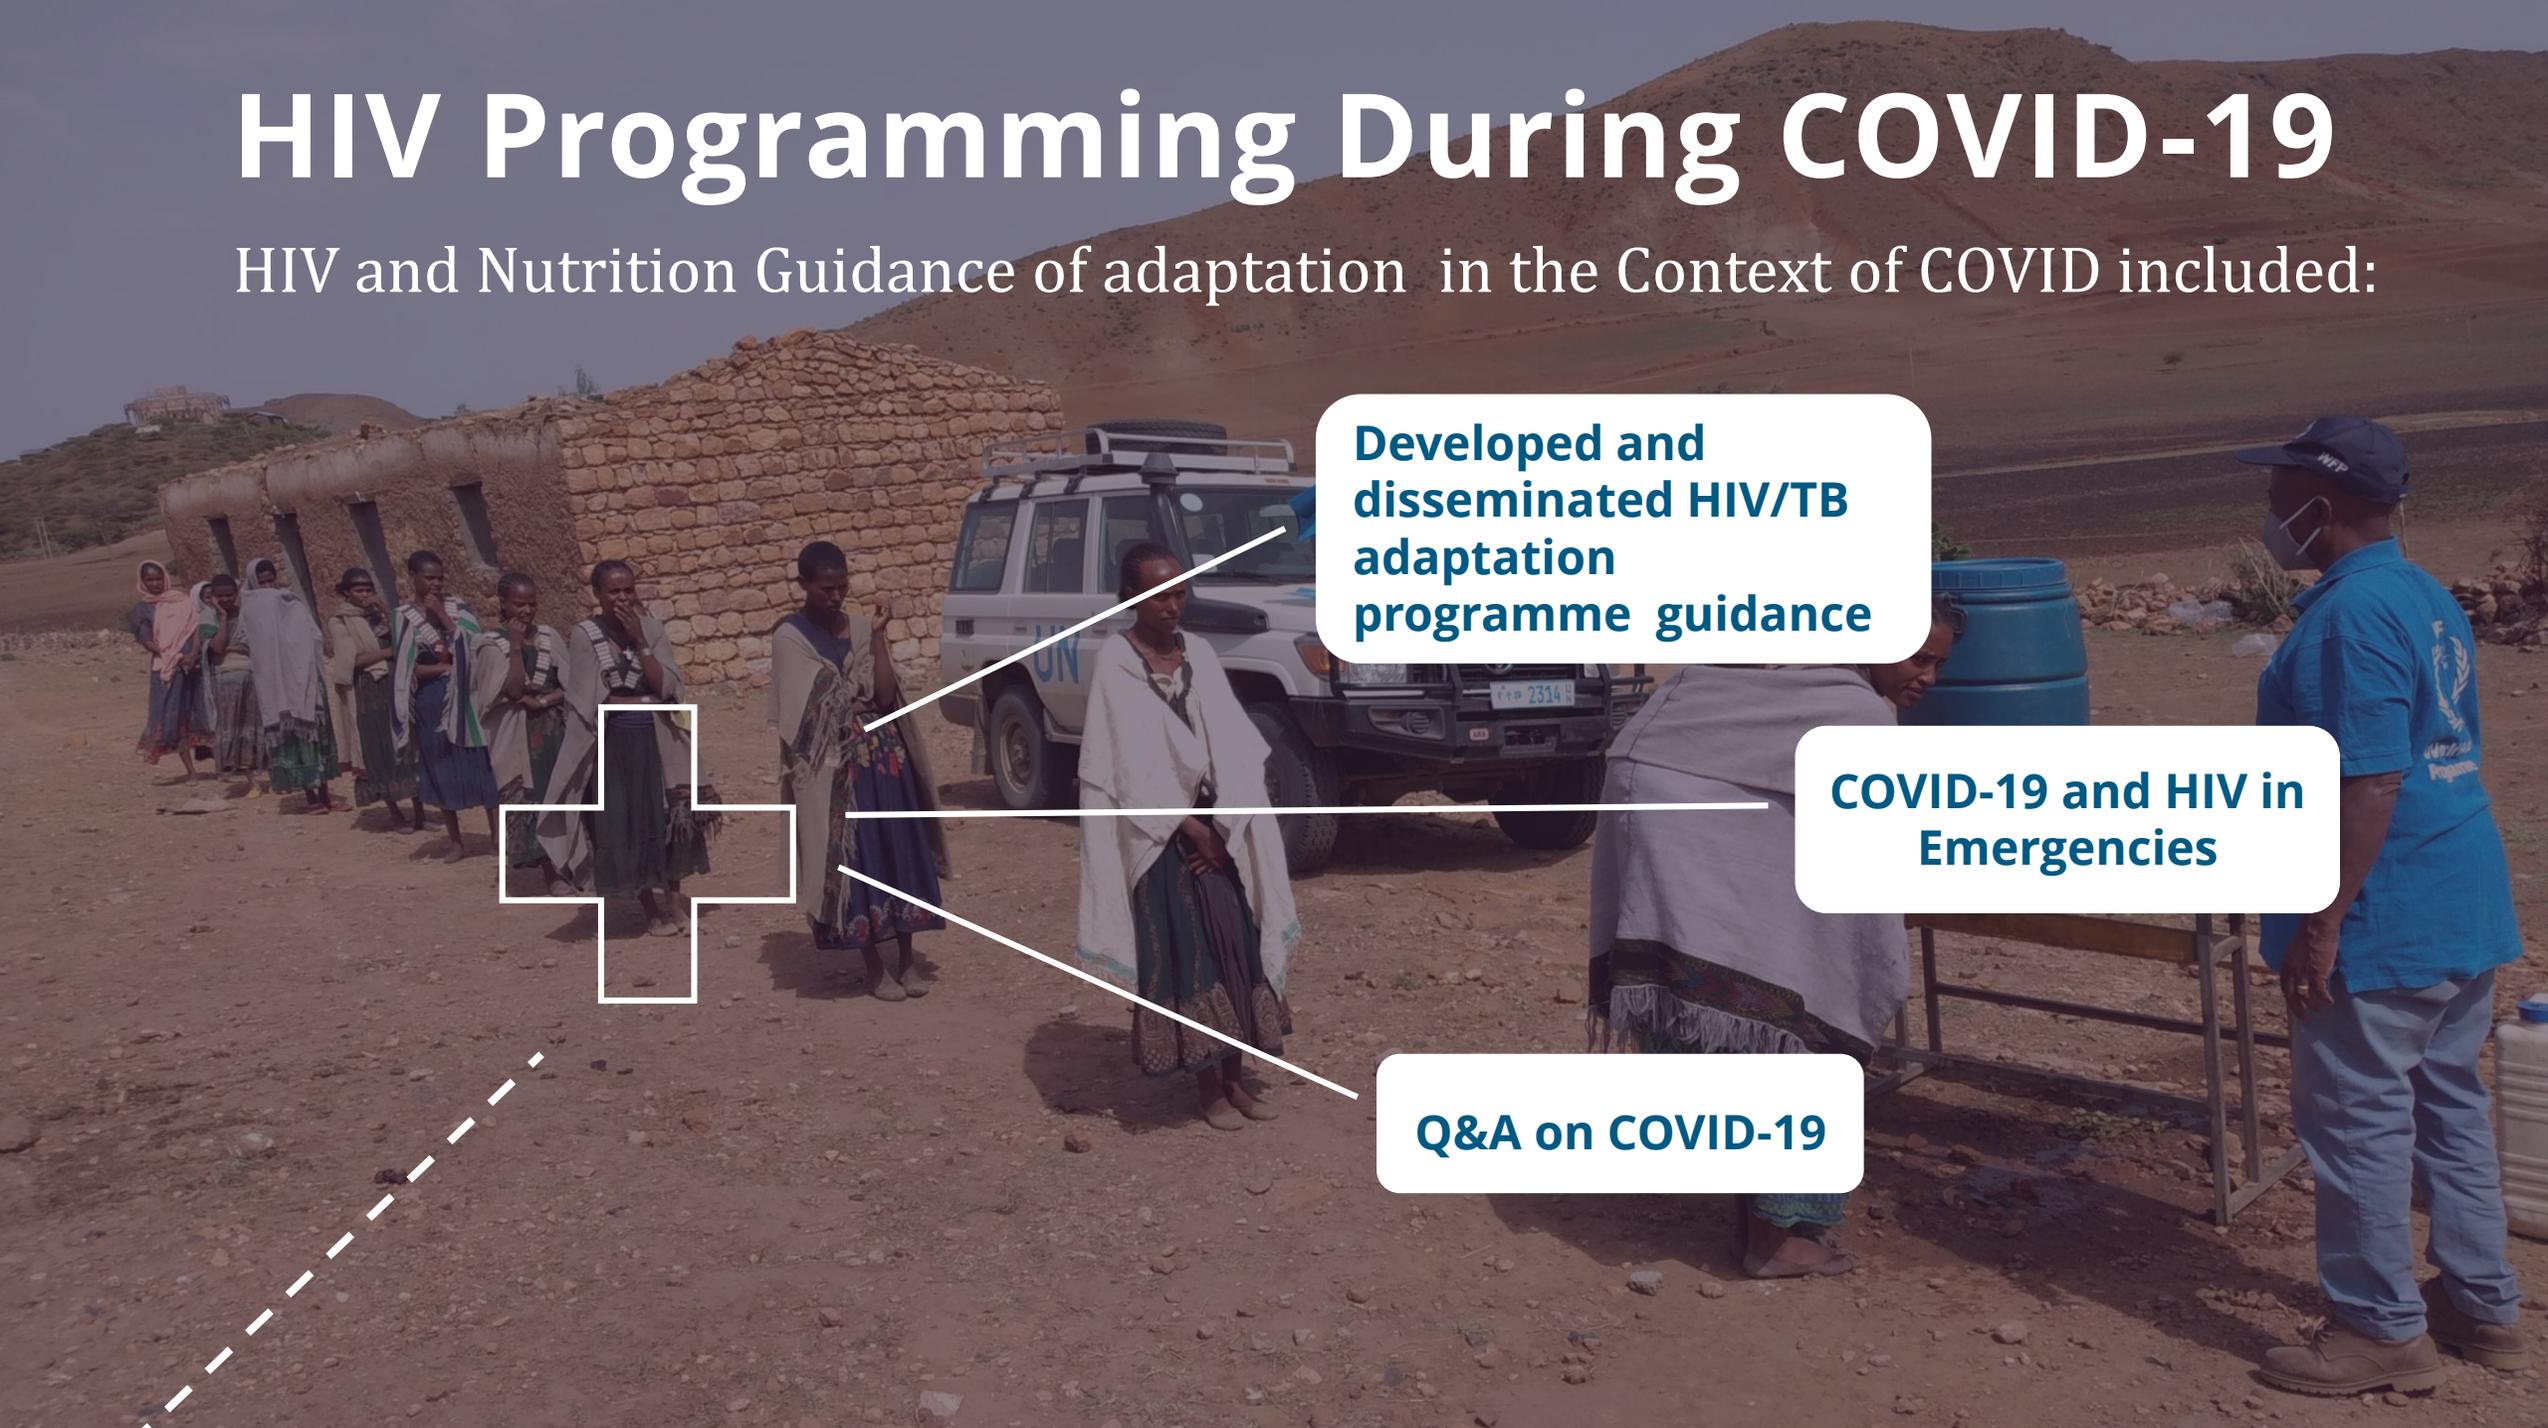

# HIV Programming During COVID-19

HIV and Nutrition Guidance of adaptation in the Context of COVID included:

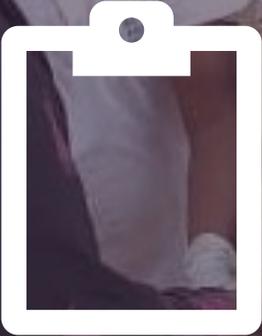

Developed and disseminated HIV/TB adaptation programme guidance

COVID-19 and HIV in Emergencies

Q&A on COVID-19

# Country Adaptations in COVID-19

**Eswatini:** Integrated HIV/TB/NUT/CBT

**Madagascar:** Registry platform - assistance and delivery to 100,000 households

**Mozambique:** Working with WB, UNICEF - CBT

**Somalia:** Digital registry to inform NUT support

**Uganda:** Mobile clinics, messaging

***Thank you!***
