ROME, 18 NOVEMBER 2020

## LATEST DEVELOPMENT

- **The Common Country Analysis (CCA) and UNSDCF approach continue to advance.**
  - 14 UNSDCFs started in 2020.
  - 29 UNSDCFs are expected to start in 2021.
- **117 Socio-Economic Response Plans (SERPs).**

## UPDATE ON CCA AND UNSDCF ENGAGEMENT

### WFP MEASURES

WFP, at country and regional level:

- Often leads on priority areas related to food security and nutrition etc.
- Involved in Collective Outcomes and Nexus discussions.

WFP, at HQ level has strengthened internal coordination mechanisms for CSP development.

## LATEST DEVELOPMENT

- **11 inter-agency working groups** (*Task Teams*) facilitated by DCO are supporting key areas of UNDS reform roll-out.
- **Interim technical guidance** known as “Companion Pieces” now finalized, DCO is developing an online manual and online training.

## UPDATE ON CCA AND UNSDCF ENGAGEMENT

### WFP MEASURES

- WFP actively contributes to an integrated policy support towards the SDGs, facilitating the roll-out of CCA and UNSDCF, strengthening tailored UNCT support to UNSDCF results.
- WFP’s internal guidance package on UNSDCF has been updated.

## ALIGNING CSPs WITH UN COOPERATION FRAMEWORKs: WHERE DO WE STAND?

- Second Generation CSPs will be developed in **close alignment with UNSDCF** strategic priorities and outcomes.
- Recognizing the challenges in syncing the different processes, agencies have a grace period to align their documents with the UNSDCF.
- Out of the four (I)CSPs presented at this November 2020 Executive Board session:
  - Four CSPs are aligned with the UNSDCF timeframe (two are strictly aligned; one is aligned with a one-year grace period).
  - One timeframe is not aligned due to the short one-year duration of the ICSP.
- All 16 CSPs to be presented in 2021 for approval should be aligned with UNSDCF cycles (seven to be strictly aligned; nine to be aligned with grace period).

UN WFP

THANK YOU!
