**ANNEX II-E: CORPORATE PERFORMANCE RESULTS BY PROGRAMME AREA (OUTCOME PERFORMANCE)**

---

*The following shows results by programme area and an assessment of achievements at the outcome level. For additional information on the methodology used to assess performance see annex II-B.*

**Overall performance by programme area**

Programme area	Performance rating against target
<b>Nutrition</b>	
Prevention of malnutrition	
Treatment of malnutrition	
Nutrition-sensitive interventions	
<b>School-based programmes</b>	
<b>Unconditional resource transfers</b>	
<b>Smallholders, livelihoods, food systems and climate risk management</b>	

**NUTRITION****Prevention of malnutrition**

Outcome indicator	No. of countries reporting	No. of complete measurements	Reporting rate (%)	Improvement/stabilization compared with baseline (%)	Performance rating against target
Minimum dietary diversity – women	14	18	100	67	
Proportion of children 6–23 months of age who receive a minimum acceptable diet	18	19	90	79	
Proportion of eligible population that participates in programme (coverage)	31	46	82	72	
Proportion of target population that participates in an adequate number of distributions (adherence)	29	44	90	75	

## Treatment of malnutrition

Outcome indicator	No. of countries reporting	No. of complete measurements	Reporting rate (%)	Improvement/ stabilization compared with baseline (%)	Performance rating against target
Anti-retroviral therapy default rate	5	6	86	50	●
Anti-retroviral therapy nutritional recovery rate	3	3	60	33	●
Moderate acute malnutrition treatment default rate	37	76	87	64	●
Moderate acute malnutrition treatment mortality rate	37	76	87	74	●
Moderate acute malnutrition treatment non-response rate	37	76	87	66	●
Moderate acute malnutrition treatment recovery rate	37	76	87	74	●
Proportion of eligible population that participates in programme (coverage)	31	46	82	72	●
TB nutritional recovery rate	4	5	83	60	●
TB treatment default rate	4	6	100	67	●

## Nutrition-sensitive interventions

Outcome indicator	No. of countries reporting	No. of complete measurements	Reporting rate (%)	Improvement/ stabilization compared with baseline (%)	Performance rating against target
Food consumption score – nutrition	39	285	77	70	
Minimum dietary diversity – women	14	18	100	67	
Percentage increase in production of high-quality and nutrition-dense foods	4	4	100	100	
Percentage of targeted smallholder farmers reporting increased production of nutritious crops, disaggregated by sex of smallholder farmer	9	7	78	100	
Proportion of children 6–23 months of age who receive a minimum acceptable diet	27	46	87	62	

## School-based programmes

Outcome indicator	No. of countries reporting	No. of complete measurements	Reporting rate (%)	Improvement/ stabilization compared with baseline (%)	Performance rating against target
Attendance rate (new)	35	23	53	43	
Enrolment rate	37	35	67	71	
Graduation rate (new)	5	5	100	80	
Percentage of students who, by the end of two grades of primary schooling, demonstrate ability to read and understand grade-level text (new)	1	1	100	100	
Retention rate/drop-out rate (new)	36	30	61	77	
SABER school feeding national capacity (new)	8	3	38	100	

## Smallholders, livelihoods, food systems and climate risk management

Outcome indicator	No. of countries reporting	No. of complete measurements	Reporting rate (%)	Improvement/stabilization compared with baseline (%)	Performance rating against target
Default rate (as a percentage) of WFP pro-smallholder farmer procurement contracts	4	2	50	50	
Percentage of targeted smallholders selling through WFP-supported farmer aggregation systems	24	21	88	86	
Percentage of WFP food procured from smallholder farmer aggregation systems	12	13	100	54	
Proportion of targeted communities where there is evidence of improved capacity to manage climate shocks and risks	15	9	60	89	
Proportion of the population in targeted communities reporting benefits from an enhanced livelihood asset base	41	39	66	82	
Proportion of the population in targeted communities reporting environmental benefits	14	10	59	100	
Rate of smallholder post-harvest losses	14	9	64	78	
Value of smallholder sales through WFP-supported aggregation systems (USD)	29	30	94	83	
Volume of smallholder sales through WFP-supported aggregation systems (mt)	29	28	88	75	

## Unconditional resource transfers

Outcome indicator	No. of countries reporting	No. of complete measurements	Reporting rate (%)	Improvement/stabilization compared with baseline (%)	Performance rating against target
Consumption-based coping strategy index (average)	48	118	90	59	
Economic capacity to meet essential needs (new)	9	21	81	62	
Food consumption score	61	158	85	61	
Livelihood-based coping strategy index (percentage of households using coping strategies)	24	75	94	53
