

EMERGENCY OPERATIONS

Global overview of humanitarian needs, operational concerns, and priorities

March 2022

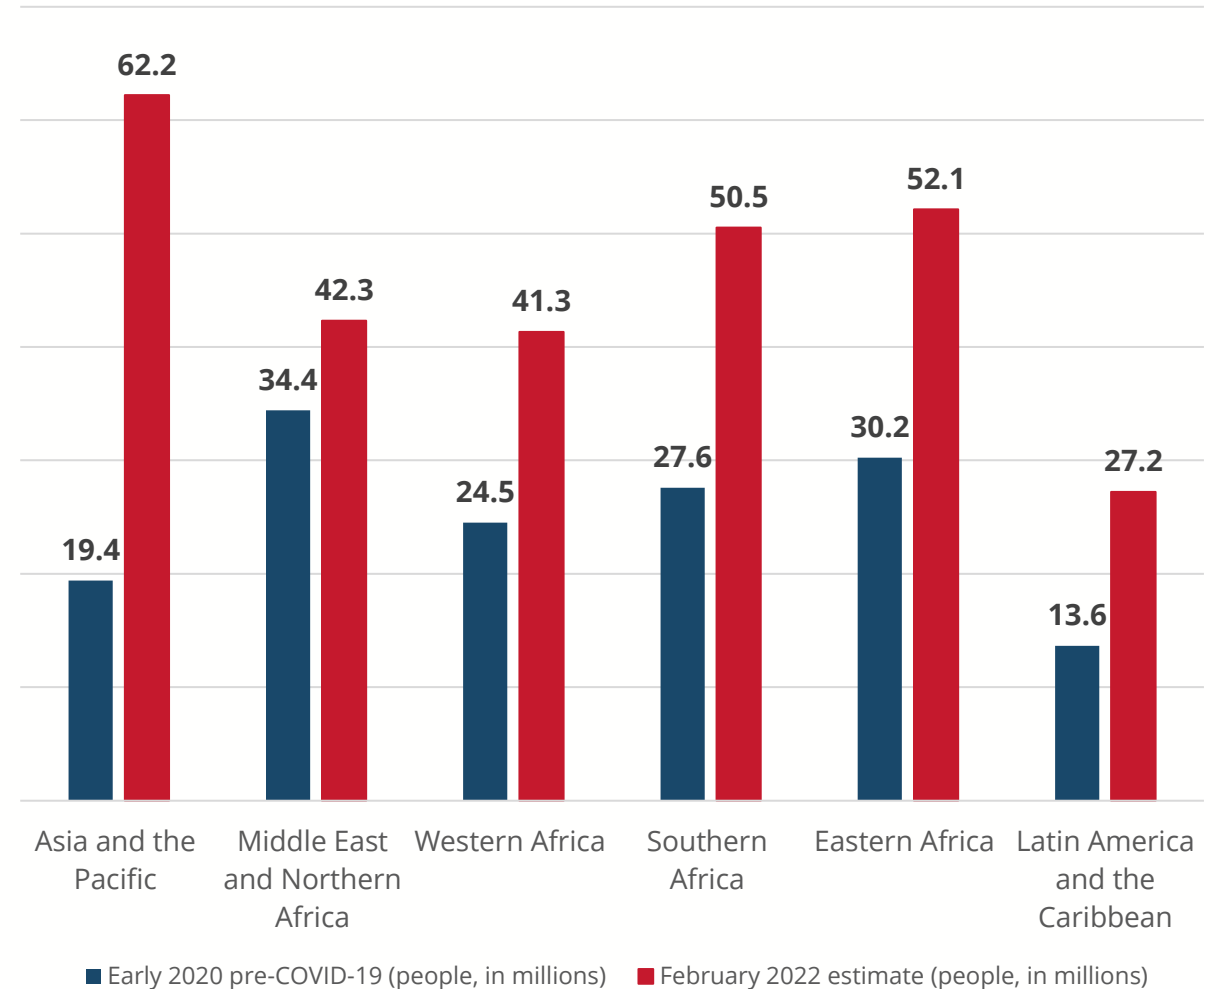

World Food Programme

SAVING LIVES
CHANGING LIVES

FOOD INSECURITY, TRENDS AND RISKS

276 million people are acutely food insecure

- 570,000 people facing famine-like conditions (IPC Phase 5)
- 44 million across 38 countries are at risk of falling into famine (IPC Phase 4).

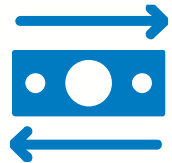

OPERATIONAL RESPONSE

Stepping up food assistance and partnerships in emergencies

WFP is stepping up its operations in **Afghanistan, Horn of Africa, Madagascar, Myanmar, the Sahel and Syria.**

Scaling up its treatment of malnutrition and

Maintaining its status as the **largest provider of humanitarian cash transfers.**

To respond to the climate crisis, WFP is adopting a **more risk-informed approach** using pre-arranged finance to rapidly reach the poorest.
