CHANGING  
LIVES

# PERU CSP 2023–2026

**SO1. Food access during crisis**  
*Crisis-affected populations are better able to meet their urgent food, and nutrition needs*

**Leave No One Behind**

**ROOT CAUSES**

**SO2. Improve nutrition**  
*Indigenous people and populations most at risk of malnutrition have improved their nutritional status*

**2 ZERO HUNGER**

**CRISIS RESPONSE**

**SO3. Improved & sustainable livelihoods**

*Indigenous people and populations with vulnerabilities to climate change are more resilient to climate-related disasters and part of more sustainable, inclusive and equitable food systems*

**RESILIENCE BUILDING**

**SO4. Effective service provision**  
*Humanitarian and development actors are more efficient and effective*
