Palestine Country Strategic Plan 2023-2028
Informal Consultation, Executive Board

20 December 2022
Deteriorating situation across Palestine, with the protracted protection and humanitarian crisis continuing to undermine food security.

- Deteriorating political climate
- Fiscal crisis and limited social protection
- Widespread unemployment
- Gender inequality
- Recurrent shocks
- Climate change
Evidence-driven, consultative and aligned

Key inputs to the CSP

• **Informed** by the UN Country Context Analysis, HRP, updated ZHSR, Decentralised evaluation, 2018-2022 CSP evaluation

• **WFP evidence** – M&E and VAM data and analysis, WFP Gender Study, Secondary Impact of CBT Study

• **Feedback** from engagement with government ministries, UN and NGO partners, donors, affected communities and from the people we serve (via CFM, field visits)

• **Aligned** with SDGs, UNSDCF, WFP Strategic Plan, and national priorities: NDP, NPA, SDSS, NFNSP
STRATEGIC DIRECTION

• Customised food assistance through tiered CBT assistance – responding to differentiated food and nutrition needs
• Capacity strengthening at all levels – from individuals to national institutions
• Livelihoods in support of resilience building – agricultural assets and vocational skills
• Continued service provision to enable humanitarian response, accountability and collective outcomes – CBT platform, CFM, logs sector
• Strengthening and expanding partnerships – Nexus approach
