Waivers of indirect support costs and direct support costs (General Rule XIII.4 (d))

- WFP's 2022 operations were augmented through in-kind contributions of services and non-food items under General Rule XIII.4 (d). In 2022 these contributions increased to USD 16.9 million from USD 13.9 million in 2021. The increase in 2022 is mainly attributable to in-kind services provided by governments, non-governmental organizations and private entities. The total estimated waived ISC in 2022 increased to USD 1.1 million from USD 0.9 million in 2021. No ISC on cash contributions or direct support costs were waived in 2022. Table 2 provides waived ISC details by donor, recipient country and contribution amount.
