CSP Evaluation

Key recommendations

 Optimise strategic focus and alignment with 13th Five-year Plan and UNSDCF (Accepted)

 Improve harmonization with United Nations agencies and processes (Accepted)

 Boost results-based management and reporting (Partially accepted)

 Strengthen resource mobilization (Accepted)

Management response

Strategic alignment with national outcomes for inclusive economic growth, human capital development and resilient communities

New CSP introduces knowledge, advocacy and capacity partnerships with the Rome-based agencies, UNICEF, UNFPA and RCO

WFP will continue to invest in building the evidence base and monitoring systems

Resource mobilization with other UN agencies contributes directly to government priorities
