Over the past 15 months, the CLTF has set up a system to identify, fund, and evaluate promising programs.

**November 2022**
- Set up a Special Account
- Constituted Investment Selection & Learning Committee
- Administered 3 selection windows – in March, July, November 2023
- Hired external research agency
- Selected 10 COs from ~40 proposals
- Finalized implementation plans & budgets
- Developed research agendas for each window
- Upcoming: Baselines, performance management, inception missions for research

**February 2024**
10 proposals selected with strong value propositions that enhance national systems and innovate across three themes

**Transitions**
- **Philippines**: Shift to a homegrown, universal model for school meals
- **Kenya, Chad**: Enable refugee and host population productivity and increased self-reliance

**Systems Strengthening**
- Improve and expand social protection programs for vulnerable women and children in Bangladesh
- Enable smallholder farmers in Peru to supply government safety nets
- Create pathways to employment or entrepreneurship in Iraq
- Transform lean-season assistance in Niger

**Climate Adaptation**
- Enable smallholder farmers in Nicaragua and Ghana to adapt to climate change, and generate income from carbon credits
- Adapt social protection systems to improve resilience to climate shocks in Tanzania
GOAL: 10 countries aim to raise $268 million in catalytic funding benefitting 20 million people

PERU
Catalytic: 285%
Tier 3: 695,880

NICARAGUA
Catalytic: 277%
Tier 3: 695,880

GHANA
Catalytic: 546%
Tier 3: 1,900,000

TANZANIA
Catalytic: 576%
Tier 3: 773,074

KENYA
Catalytic: 233%
Tier 3: 290,000

NIGER
Catalytic: 429%
Tier 3: 280,000

CHAD
Catalytic: 330%
Tier 3: 130,000

IRAQ
Catalytic: 150%
Tier 3: 5,200,000

BANGLADESH
Catalytic: 620%
Tier 3: 6,000,000

PHILIPPINES
Catalytic: 720%
Tier 3: 4,800,000

Now the hard work starts: IMPLEMENTATION and LEARNING
Each CLTF CO commits to developing a strong research plan, supported by HQ and an external think tank.
