MANAGEMENT RESPONSE TO THE RECOMMENDATIONS OF THE SUMMARY EVALUATION REPORT OCCUPIED PALESTINIAN TERRITORY PROTRACTED RELIEF AND RECOVERY OPERATION 103871

CORRIGENDUM

Under **School feeding**, Recommendation 8, the management response and action taken column should read:

Following the recommendations of the Headquarters-led school feeding design support mission in December 2009, adjustments were made to the modality and focus of the project. These adjustments were undertaken in close collaboration with the Palestinian Authority and aligned with the Ministry of Education and Higher Education's Strategy on School Health and Nutrition. The adjusted project includes a focus on protection, reaching schools in localities particularly affected by the closure policy in the West Bank; as a result, the new PRRO includes a small increase in beneficiary numbers.

No further adjustments are envisaged until WFP has conducted a decentralized internal evaluation of the school feeding project, which will include an impact study focusing on retention, enrolment and attendance rates.
