Join us for a webinar on the Evaluation Findings from the UN Joint Programme 'Accelerating Progress towards the Economic Empowerment of Rural Women' (JP RWEE), implemented by FAO, IFAD, UN Women and WFP since 2014.

The virtual event will host a series of lightning talks from FAO, IFAD, UN Women and WFP, which will examine the key findings of the integrated programme and its holistic approaches. Experiences, reflections and best practices in women's economic empowerment programming will be shared by JP RWEE implementing agencies and partners. The event will provide an opportunity for audience participation and interactive dialogue amongst Member States, development practitioners, researchers and resource partners as the programme prepares to scale up to a second phase.
