ACHIEVEMENTS & EMERGING TRENDS

Achievements:

850m of dikes

2,960 MT of crops

USD 1.06 million
of revenue

USD 2.2 million
invested

SD3C project contributions:

- Improving **food security** and **nutrition**
- **Increasing participants' incomes**
- Reducing **distress migration**
- Creation of **jobs** for unemployed youth
- Building **social cohesion** and **solidarity** among different groups
- Positive effects on **non-participating** communities

THE WAY FORWARD

Scaling-up partner efforts and strengthening support to food systems and markets.

Strengthening the evidence base on the contributions and benefits of integrated resilience programmes.

An aerial photograph of a savanna landscape, featuring a winding river or stream in the center, surrounded by scattered trees and shrubs. In the background, a range of mountains is visible under a cloudy sky. The entire image is overlaid with a semi-transparent blue filter. The text "Thank you for your attention" is positioned on the left side of the image.

Thank you
for your attention
