Capacity Building

SECURITY CRISIS RESPONSE: FOCUS ON HAITI AND SUDAN

Haiti 2022 / 2023

Scaled-up security presence

Monitoring through technology: using CCTV, using drones for road assessments and during civil unrest/crises

Strengthened coordination with local authorities, diplomatic corps

Focused capacity-building and training for UN and partners (ongoing)

Sudan 2023

Staff lists, situation monitoring and support (using technology incl. mapping and tracking, mobile alerts, 24/7 Support Channel)

Organizing relocation, evacuations in coordination with UN actors and partners

Access negotiations, civil-military coordination, scale-up (surge ongoing)

Q&A
