

WFP CHAD

## Chad Country Strategic Plan 2024-2028

18 December – EB Informal Consultation

WFP  
World Food Programme

SAVING  
LIVES  
CHANGING  
LIVES

# Chad has not been making significant progress and will likely face even more shocks

## Food Insecurity on the rise

**50%** area is desert, posing challenges in domestic food production

**117<sup>th</sup>** out of 121 countries on food deficit index

**2.1M** people in food insecurity phase 3 to 5, and **2.9M projected for June – August 2024**. More than doubled in the last 5 years.

## Worsening human development indicators

**190<sup>th</sup>** out of 191 countries on the Human Development Index

**187<sup>th</sup>** out of 189 countries in gender inequality ranking

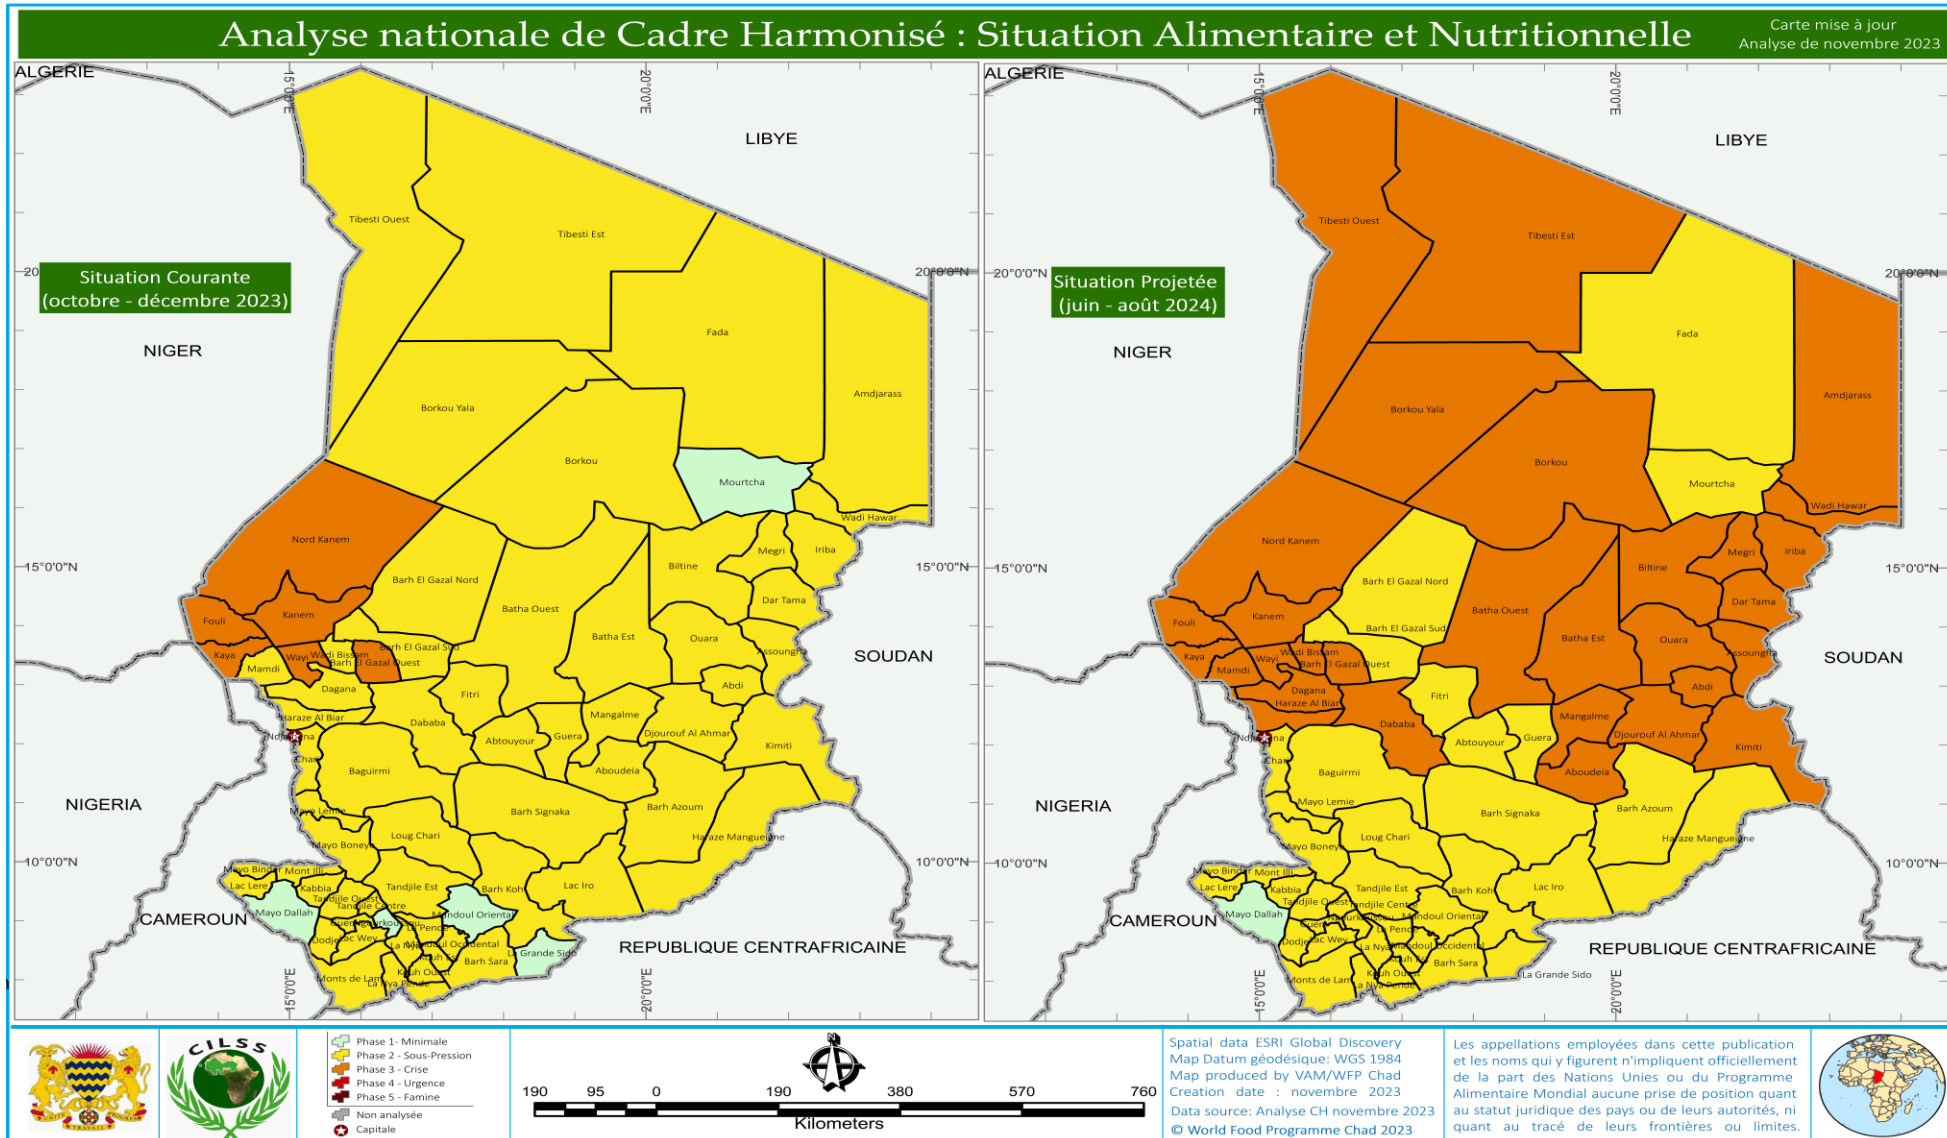

## Increasing insecurity and climate shocks

**1.074 M** refugees and asylum seekers, 451,894 have arrived since April 2023

**182<sup>nd</sup>** countries out of 182 on climate vulnerability index

# Current food insecurity and outlook.

# Foundation of Chad CSP

Vision 2030 -  
"The Chad We  
Want"

National  
Development  
Plan  
(2024-2028)

National Policy  
on Food  
Security,  
nutrition and  
School Health  
(2017 & plus)

Agricultural  
Sector, Food  
Security &  
Nutrition  
Strategy  
(2016-2025)

National social  
protection  
strategy  
(2024 - 2028)

Transitional  
Development  
Assistance  
Framework  
(UNSDCF 2024-  
2026)

# WFP is shifting its strategy towards longer-term, more sustainable solution

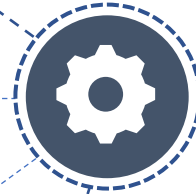

## Effective Humanitarian Response

Maintain strong capacity, use anticipatory action when feasible

**Community Resilience Building**  
Increase self-reliance, restore degraded lands

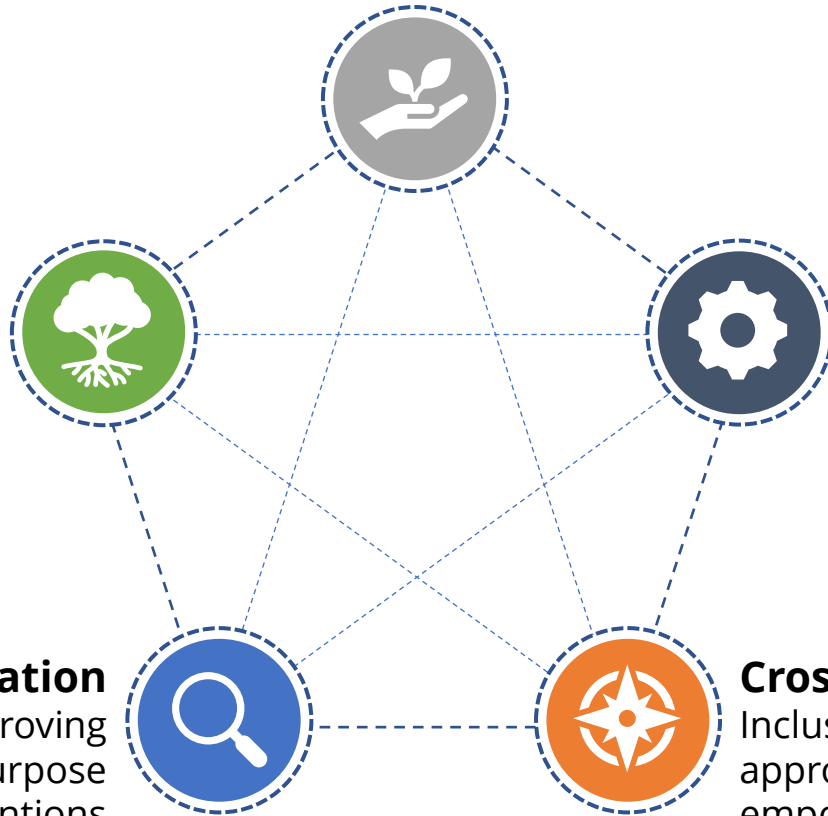

**Food System Strengthening**  
Focus on shock responsive social protection system

**Evidence Generation**  
With a focus on improving tailored, fit-for-purpose interventions

**Cross Cutting Themes**  
Inclusive, transformative approaches; women empowerment
