Report of the Executive Director on contributions, reductions and waivers of costs under General Rule XIII.4 (f) in 2025

Introduction

1. This report is submitted to the Executive Board for information in accordance with General Rule XIII.4 (f). It provides a summary of:
 - i) contributions from governments of developing countries, governments of countries with economies in transition, and other non-traditional donors – as determined by the Board – that do not achieve full cost recovery but for which the full operational and support costs are covered through contributions from another donor or donors, and/or through resort to the WFP fund (General Rule XIII.4 (c));
 - ii) contributions with reductions or waivers of indirect support costs (ISC) and, where applicable, direct support costs (DSC) (General Rule XIII.4 (d)); and
 - iii) contributions with reduced ISC rates from governments of developing countries, governments of countries with economies in transition, governments contributing to programmes in their own countries, and international financial institutions, under the conditions determined by the Board in its decision [2022/EB.A/13](#) (General Rule XIII.4 (e)).

Contributions from governments of developing countries, governments of countries with economies in transition, and other non-traditional donors (General Rule XIII.4 (c))

2. Governments of developing countries and countries with economies in transition, and other non-traditional donors – as determined by the Board – may make contributions in support of WFP's operations that do not achieve full cost recovery, provided that the full operational and support costs are covered by another donor or donors, and/or through resort to the WFP Fund (General Rule XIII.4 (c)). In 2025, USD 16.0 million of such contributions were received under twinning arrangements, down from USD 18.3 million in 2024, and were matched with USD 4.8 million of cash contributions from other donors, up from USD 2.8 million in 2024, and USD 9.3 million from the Emerging Donor Matching Fund (EDMF), up from USD 7.8 million in 2024.

Reduced indirect support costs for contributions from governments of developing countries and countries with economies in transition, governments contributing to programmes in their own countries and international financial institutions under the conditions determined by the Board in its decision 2024/EB.2/2 (General Rule XIII.4 (e))

4. As approved by the Board in its decision 2024/EB.2/2, a reduced ISC rate of 4 percent was applied to contributions falling under General Rule XIII.4 (e).¹ In 2025 the total value of such contributions – cash and in-kind – was USD 624.0 million, with ISC of USD 24.0 million, slightly higher than the USD 618.2 million of contributions with ISC of USD 23.8 million received in 2024.

¹ Decision 2024/EB.2/2 vi) in document “[Decisions and recommendations of the 2024 second regular session of the Executive Board](#)” (WFP/EB.2/2024/12, p. 5).

5. Of the total value of USD 624.0 million:

- i) USD 313.4 million was from governments contributing to programmes in their own countries, of which USD 147.3 million was funded by international financial institutions (table 3, i); and
- ii) USD 310.6 million was from international financial institutions and was certified by such institutions as being made directly to WFP in the absence of an internationally recognized or eligible government in the location to which such funding was allocated (table 3, ii).
- iii) There were no contributions from governments of developing countries and countries with economies in transition.
