57. Some concern was expressed over the decreasing level of multilateral contributions, especially as regarded development activities, and donors were invited to provide more funding. Collaboration efforts with FAO regarding the twin-track approach, emergency food needs assessments, emergency responses, nutrition, and provision of agricultural inputs were commended. It was suggested that WFP should make further efforts to widen its donor base. The Council <u>stressed the importance</u> of WFP's successful collaboration with FAO.	WFP/EB.2/2005/5-B: "Funding for Effectiveness". WFP/EB.2/2005/5-A/1: "Biennial Management Plan (2006–2007)". WFP/EB.A/2005/5-A/Rev.1: "Strategic Plan (2006–2009)".

TABLE 3: SALIENT POINTS RAISED AT THE 127TH SESSION OF THE FAO COUNCIL (ROME, 22–27 NOVEMBER 2004)

Paragraphs	Action by WFP
33. The Council <u>welcomed</u> the increased financial contributions, as well as the expansion of the donor base. The Council <u>acknowledged</u> the concerns expressed with respect to the decreasing level of multilateral funding.	WFP/EB.2/2005/5-B: "Funding for Effectiveness". WFP/EB.2/2005/5-A/1: "Biennial Management Plan (2006–2007)". WFP/EB.A/2005/5-A/Rev.1: "Strategic Plan (2006–2009)".
34. Some Members recommended that WFP provide an account of work carried out in tackling the underlying causes of food emergencies for its next Annual Report, on the basis of guidelines issued by the Thirty-second Session of the FAO Conference in 2003.	WFP/EB.2/2005/4-B: "WFP and the Voluntary Guidelines to Support the Progressive Realization of the Right to Adequate Food in the Context of National Food Security".
35. Many Members requested that WFP continue its work to strengthen early warning systems and the capacity of developing countries to respond to natural and man-made disasters.	WFP/EB.1/2005/4-B: "Exiting Emergencies". WFP/EB.A/2005/5-A/Rev.1: "Strategic Plan (2006–2009)". Humanitarian early warning is part of a broader emergency preparedness and response area. This competence and service are a corporate priority for WFP, as reflected in the Strategic Plan (2006–2009). Strengthening it is linked to the achievement of Strategic Objective 1: saving lives in crisis situations. WFP recognized ahead of time the importance of relying on enhanced early-warning systems to monitor potential crises and anticipate humanitarian emergencies. WFP has therefore consistently focused on strengthening its technical early-warning knowledge, systems and capacities.
