### 1. *Adoption of the Agenda*

Pursuant to Rule III of the Rules of Procedure of the Executive Board, the Executive Director hereby presents, **for approval**, the provisional annotated agenda of the Third Regular Session of 2004. During the session, the Board may, by a two-thirds majority of the members present and voting, amend the agenda by deletion, addition or modification of any item.

### 2. *Appointment of the Rapporteur*

Pursuant to Rule XII and in keeping with the established methods of work, the Board may appoint a rapporteur from among the representatives.

### 3. *Current and future strategic issues*

Under this item, the Executive Director will provide, **for the Board's consideration**, an oral presentation on strategic issues facing WFP.

### 4. *Policy issues*

#### a) Food-based safety nets

This paper examines the potential role of food aid in the context of social protection and safety nets, including policy and programming implications for WFP. This paper is submitted **for approval**, because the conclusion of the paper requires Executive Board approval of policy changes in the “Consolidated Framework of WFP Policies”.

#### b) Building country and regional capacities

This paper advises the Board on possible ways to ensure that national and regional capacities are established, strengthened and supported. This paper is submitted **for approval**, because the conclusions of the paper require Executive Board approval of policy changes in the “Consolidated Framework of WFP Policies”.

#### c) New partnerships to meet rising needs — expanding the WFP donor base

At the Third Regular Session of the Board in October 2003, members requested a document from WFP outlining its strategy for engaging additional governments and private-sector entities to broaden its donor base. Two informal consultations were held in May and July and the formal paper is submitted to the Board **for approval**.

#### d) Update on school feeding\*

This information note is presented to the Board **for information** in response to its decision at the First Regular Session in 2003 (WFP/EB.1/2003/10) to request a progress report on the implementation of the policy, to be submitted to the Third Regular Session in 2004.

#### Expanded school feeding and health programme: new partnerships in Uganda\*

The Government of Uganda has submitted a proposal to New Partnership for Africa's Development (NEPAD) entitled “Home Grown School Feeding Initiative”. The five year programme for 2005–2009 recognizes the Government's desire to expand the school feeding programme in Uganda from the 322,311 children under the current WFP-supported protracted relief and recovery operation (PRRO) to an estimated 2.5 million. The programme supports the national economic development priorities, particularly in achieving the MDGs, creates good potential for private-sector partnerships with the Government on the modernization of agriculture, universal primary education and promotion of private-sector investment, and provides an opportunity for sustainability and Government ownership. The Government will

provide 50 percent of the funding. This proposal, submitted **for information**, has been endorsed by NEPAD and WFP, who will advocate, together with other partners, to raise additional funds in support of the initiative. WFP will be the implementing partner for the Government of Uganda during the first phase.

e) Strengthening emergency needs assessments: progress to date and implementation plan

At its First Regular Session in 2004, the Executive Board discussed WFP's commitment to improving its emergency needs assessments and measures to increase accuracy, transparency and credibility. This document provides an update on progress made and outlines the actions planned in a 30-month timeframe with clearly defined objectives relating to transparency, methodology, crisis information and enhanced capacities, as well as budget implications and arrangements for collaboration with other agencies. This document is submitted to the Board **for consideration**.

f) Update of the consolidated framework of WFP policies\*

At its Annual Session in 2000, the Executive Board approved the recommendations in the document "Report of the Working Group on Governance" (decision 2000/EB.A/6). Governance recommendation (d) established that WFP policy statements should be codified in a compendium. The *Consolidated Framework of WFP Policies* was first submitted to the Board at its Annual Session in 2002. A hard copy of the update of the *Consolidated Framework of WFP Policies* is submitted to the Board **for information**. An electronic update is available at the WFP web site [www.wfp.org](http://www.wfp.org).

The Board will have before it, **for consideration**, three reports of the External Auditor on management matters: "Review of Corporate Governance at WFP", "Review of WFP's Vulnerability Analysis and Mapping" and "Review of WFP's Air Operations". During the discussions at the Third Regular Session of the Executive Board in October 2003, WFP was requested to report one year later on progress made to that point in implementation. This progress report, submitted **for information**, provides a brief description of the background to the PRRO, the factors that have most influenced implementation to date, measures taken to adjust implementation and the factors that are most likely to shape the PRRO and WFP's activities in Angola to the end of 2005.

c) Increased delegation of authority to the Executive Director for approval of operations and budget revisions

This document follows the report of the Working Group on Governance (WG/G) approved by the Board in 2000, which recommended that the Board should “focus on strategy, policy, oversight and accountability”, and that “the Secretariat should be asked to come forward with proposals for revised programming principles (including levels of delegated authority) for country programmes and for projects and operations outside country programmes”. WG/G saw that “the authorities delegated to the Executive Director could usefully be reviewed to see how far they remain appropriate to WFP’s circumstances in the early 21<sup>st</sup> century”.
