WFP

YES Access... NO Access Syria

- Madaya
- Foa
- Kefrayah
- Der el Zor

Madaya

Under siege for seven months threatening the lives of some 40,000 people
Basic Food prices risen dramatically

YES Access... NO Access

Iraq

Anbar

Ramadi

Sinjar

Fallujah

Anbar

Haditha and Al Baghdadi have been under siege since March 2015, severely impairing humanitarian access and exacerbating humanitarian needs.

WFP distributed in December urgently needed food provided by the Government of Iraq to nearly 70,000 people

YES Access... NO Access Yemen

Taiz

Taiz

Taiz is one of 10 governorates – out of Yemen’s 22 governorates – that are in the grip of severe food insecurity at ‘Emergency’ level – one step below famine on the five-point Integrated Food Security Phase Classification scale

YES Access... NO Access Ukraine

Luhansk

Credit: DW/F. Warwick

© DW/F. Warwick

Luhansk

Access constraints significantly improved since October 2015
People deprived of humanitarian assistance for several months
WFP reached almost 120,000 people in December, highest monthly distribution figure reached

Half of the population in the region are females

Women play a strong role in the food security and diversity of families

the RBC

WOMEN

Applying a gender lens.....

WOMEN IN CONFLICT

Women and girls bear the brunt of conflicts

Conflict exacerbates inequalities that last well after war ends

**In Syria: 60 Percent of female HH are more food insecure than male HH
7 percent of female HH are more likely to resort to negative coping strategies such as sending their children to work/beg**

WIDENING GENDER GAP
