

# Synthesis Report of Operation Evaluations (2016-2017): Optimising Performance

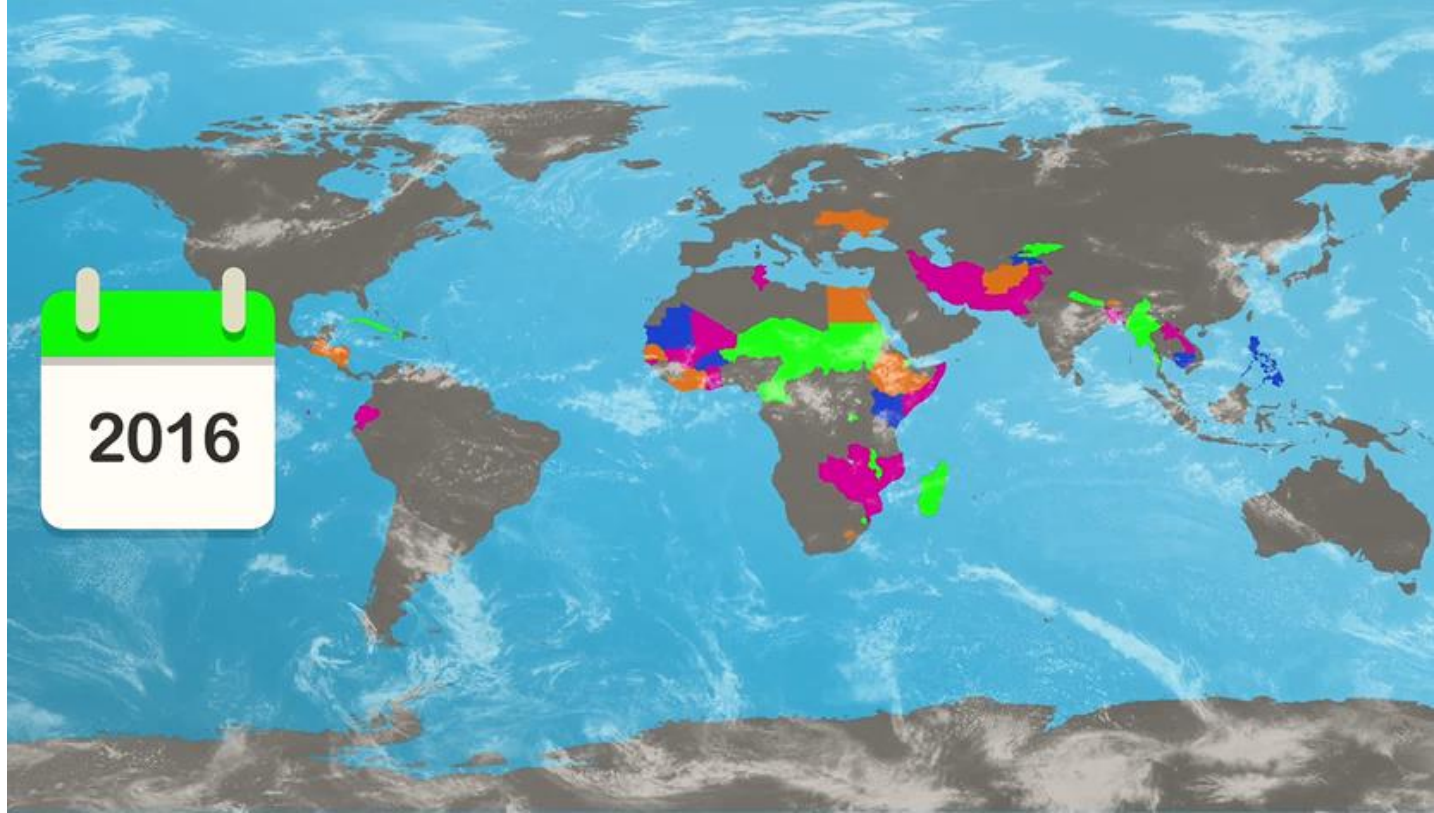

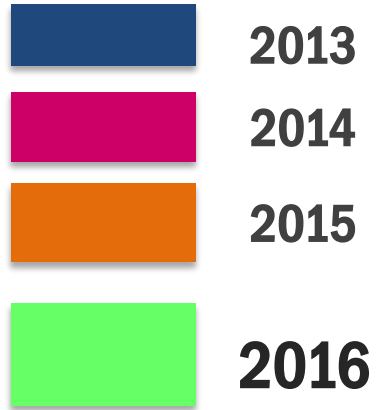

*WFP Office of Evaluation*

November 2017

**World Food Programme**

# Features of the 2016 Synthesis

## Relevance & Appropriateness

Overall appropriate, at design and over time

# Overall Assessment – Year 4 Synthesis

## Effectiveness

Mixed but improved

## Output

Broadly effective

## Outcome

Improving availability of data but quality and reliability concerns persist

# Overall Assessment – Year 4 Synthesis

## Efficiency

Mixed – at times limited by  
conditionality of contributions

# Overall Assessment – Year 4 Synthesis

## Gender

Mixed but improved at design/analysis

## Protection

Targets mostly met

## Accountability to Affected Populations

Half of the evaluations recorded  
targets met

# Overall Assessment – Year 4 Synthesis

## Enabling Environment

Mixed - transition planning

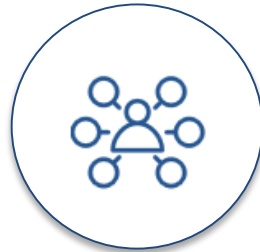

# Conclusions

**Broker of hunger solutions**

**Partner of choice**

**Engagement in upstream policy space**

**Evidence supplier**

# Lessons

1 Brokering strategic hunger solutions

2 Adopting a system's view

3 Preparing for transition

4 Increasing use of data for optimized performance management

5 Moving towards gender transformation

6 Advocating for more enabling financial support
