

# Syria

## Preparedness in the north-west

### Situation

- **32,500 people** recently displaced from Idlib
- **2.1 million people** need humanitarian assistance in Idlib
- Humanitarian implications of 'buffer zone' agreement still uncertain

### Preparedness and Response

- WFP ready to scale-up to assist **1 million people** in the north-west for three months with pre-positioned stocks if needed
- **6 million** Syrians and Syrian refugees assisted by WFP in August.
- WFP needs **USD 233 million** to sustain its response across Syria over the next six months
- Ongoing FAO activities in Syria include **rebuilding and repairing irrigation canals and water distribution points, crop and vegetable seed distributions, capacity building, animal health campaigns, and others**
- FAO has a funding gap of **USD 115 million** to reach 2 million people

# Yemen

## Hodeidah Crisis and Response

### Situation

- Security situation volatile and deteriorating
- Significant impacts on humanitarian infrastructure and operations in Hodeidah
- **427,000 IDPs** from Hodeidah registered since early June

### Response

- **408,000 IDPs from Hodeidah** assisted by WFP since early June, and **223,000 people in Hodeidah** assisted by WFP in September
- **6.7 million people** assisted by WFP in August across Yemen
- WFP's 2018 requirement is **USD 1.2 billion**, of which USD 853 million has been mobilized.
- WFP and FAO co-lead the **Food Security and Agriculture Cluster**
- Ongoing FAO activities are reaching approximately **5.8 million people**
- FAO has this year requested **USD 57.1 million**, of which USD 37.6 million have been mobilized.

# Bangladesh

## Rohingya Crisis One Year On

### Situation

- **727,000 Rohingya refugee arrivals** to Cox's Bazar since August 2017. **14,000+** new arrivals so far this year
- Monsoon rains have decreased, but relocations continue in the camps

### Response

- **860,000 Rohingya refugees** assisted by WFP in August
- WFP needs **USD 66 million** to sustain its response over the next six months
- **FAO and WFP** has initiated an agreement to distribute vegetables produced by local farmers in the camps
- FAO is distributing **stoves, LPG cylinders**, in addition to **micro-gardening and food safety kits** to **50,000 people**
- The FAO response has a funding gap of **USD 4.8 million**

## Situation

- Since June 2018, Anglophone separatists have expanded from the North-West Region to the South-West Region
- **246,000 people** are currently displaced in South-West Region and more than **60,000** in the North-West Region.
- Food security needs are growing and humanitarian access is difficult

## Response

- WFP stands ready to commence an initial response targeting **50,000 IDPs** for 3 months at a cost of **USD 2 million**
- Plans for a further scale-up targeting **150,000 IDPs** for 4 months at a cost of **USD 11.6 million** are in place
- **The response is currently on hold, as WFP cannot guarantee the safe passage of humanitarian food convoys**

**Outlook: Over the next six months, there is a high likelihood that up to 250,000 additional people will require humanitarian assistance**

## ON WATCH

# Libya: Clashes in the West and Electoral Violence

## Situation

- Fighting erupted in Tripoli in August displacing **14,000 people** in three weeks
- Violent clashes may continue to erupt throughout the country in the lead-up to the December presidential elections

## Response

- WFP assisted **88,000 people** across Libya in August
- **UNHAS** service operational as of September 2018

**Outlook: Over the next six months, there is a high likelihood that up to 100,000 additional people will require humanitarian assistance**
