PURPOSE OF THE CSP

Addressing
Root causes

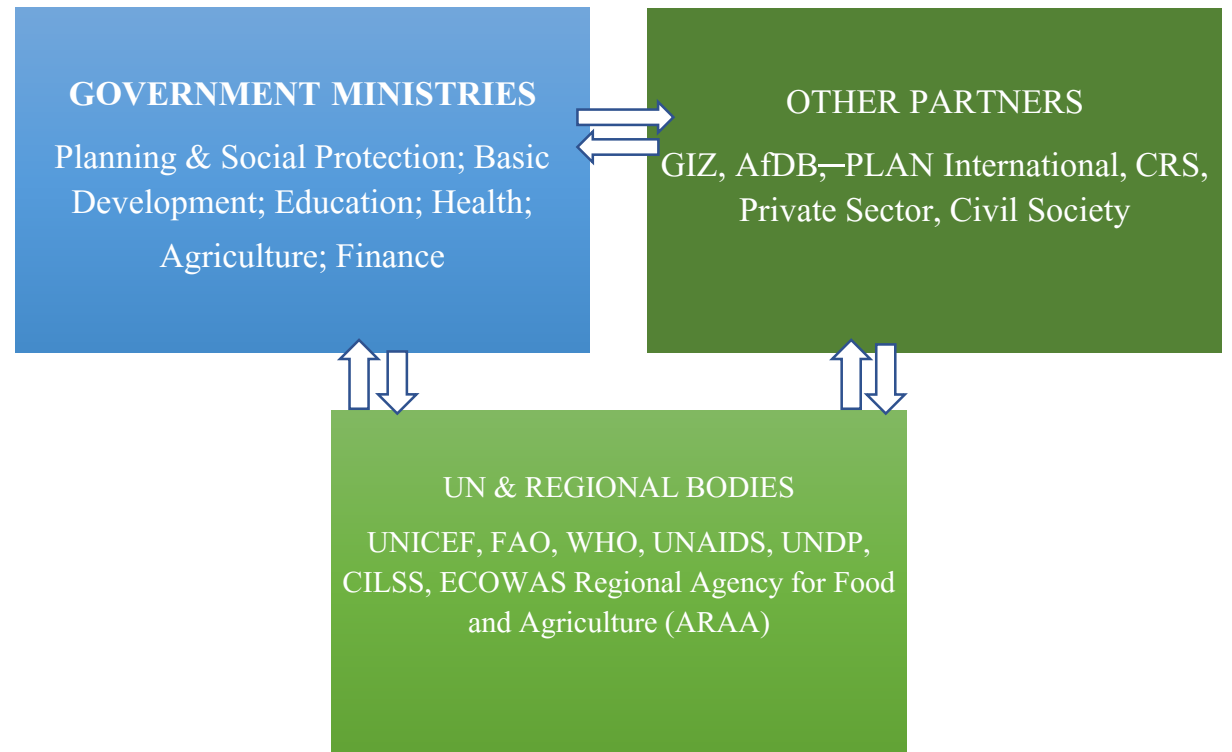

- National institutions in Togo have enhanced capacity to develop and manage food security and nutrition policies and programmes by 2023

Building
Resilience

- Vulnerable communities in Togo have efficient, inclusive and sustainable food systems by 2023

HOW WILL THE CSP BE ACHIEVED

CONCLUSION

1. Provide a platform for the Government to better design and manage the home-grown school feeding programme.
2. Enhance support to the Early Warning and Social Protection System, with a focus on data collection, analysis, processing and visualisation to derive the most accurate, relevant and timely information on food and nutrition security.
3. Budget: USD 3.5 million for 5 years to strengthen the capacity of national and local government institutions in support of vulnerable populations, schoolchildren that are part of the national school feeding programme and their communities and smallholders who benefit from enhanced linkages to local production.
4. The Government of Togo acknowledges that the activities described in the CSP are amongst the top national priorities and has made commitment towards making resources available to funding the CSP.
