CODA
Conditional On-Demand Assistance
A Data Revolution in Nutrition

Vision

SCOPE CODA platform seeks to bring a data revolution to save and change the lives of the world's most vulnerable populations.

Through the effective data analysis and utilization, SCOPE CODA seeks to manage essential nutrition services for millions, while still treating **each as individuals.**

Success from the Field

- Improved SCOPE CODA system
- Improved Coordination Among Partners
- Increased Government Buy-In
- Increased Speed and Access of Data
- Support Frontline Staff Capacity and Decision-Making
- Initial Evidence of Improved Programme Results

Challenges from the Field

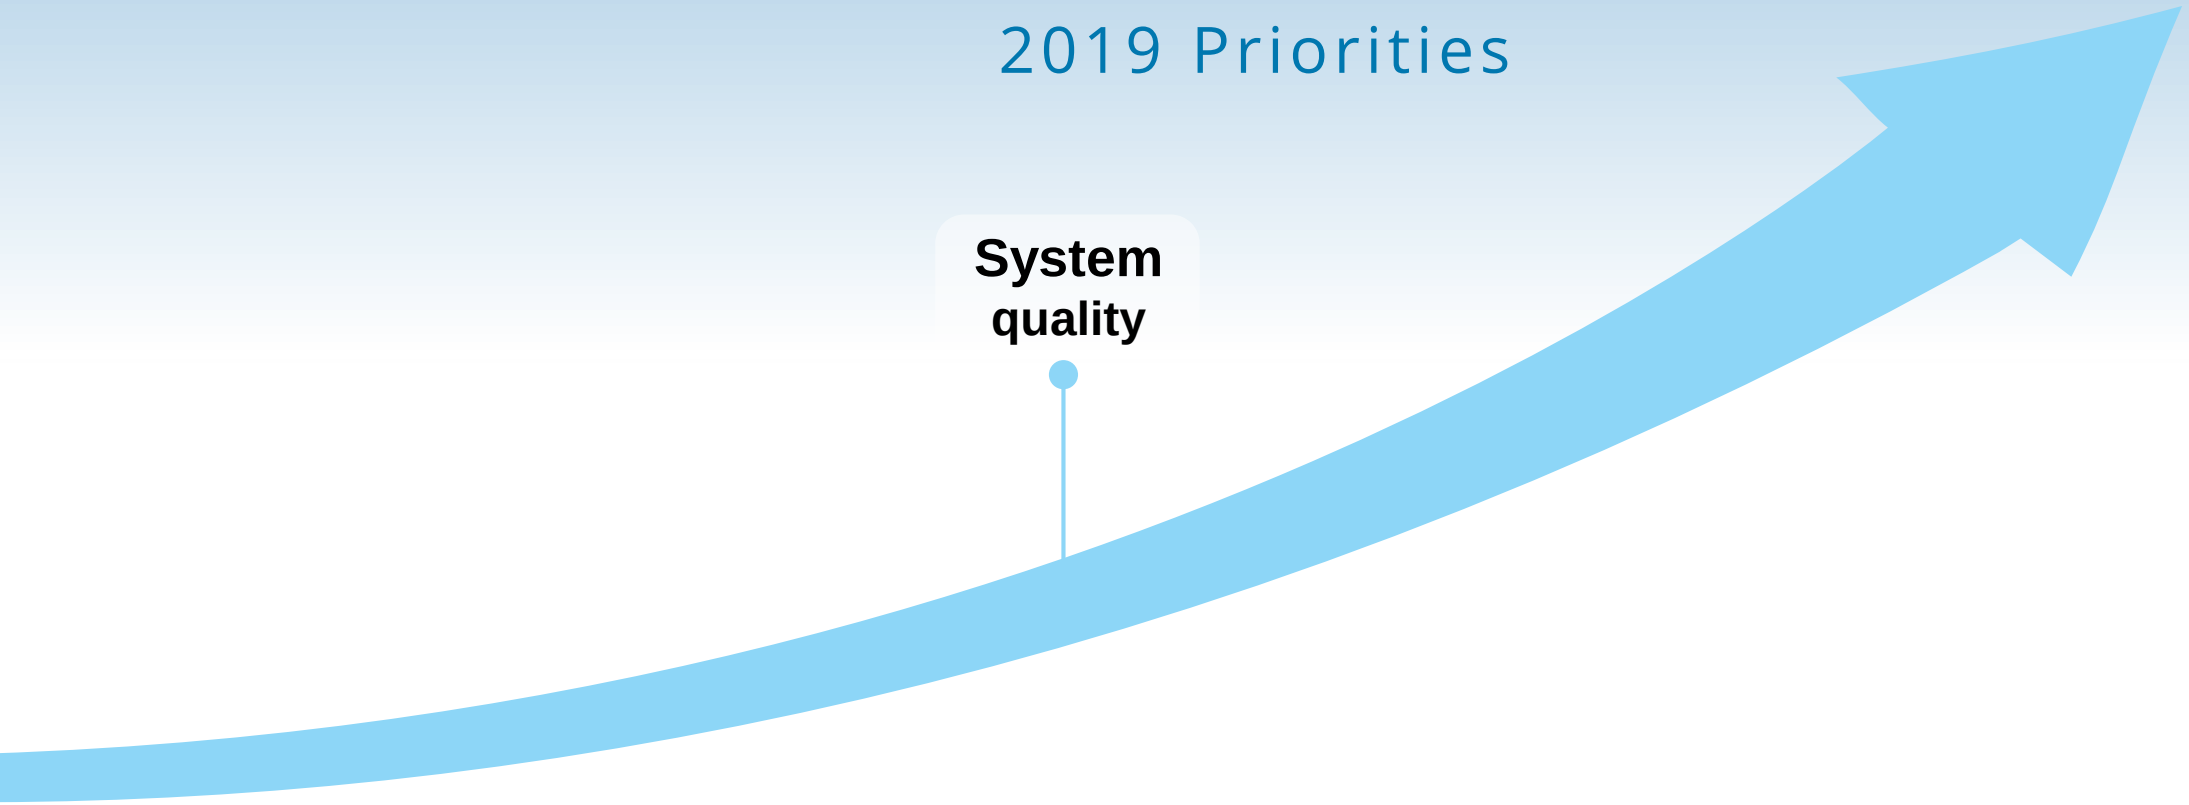
- Challenging Environment
- Improved Reporting and Analytics
- Integration into National System
- System Expansion and Improvements
- Change Management among Partners & Users

SCOPE CODA adheres to WFP's Guide to Personal Protection & Privacy

1. Lawful and Fair Collection
2. Specified and Legitimate Purpose
3. Data Quality
4. Participation and Accountability
5. Security

Moving Forward

2019 Priorities



System Quality

SCOPE 2.0

Improve Data and System Quality

Supportive Environment
