ANNEX

Aide-mémoire on participation at WFP Executive Board meetings¹

Following the conclusions on governance, delegates are kindly requested to bear in mind the following principles:

Role of the governing body

The role and responsibilities of the Board are to:

- think strategically, initiate and decide on policies and strategies;
- oversee the management of the organization, notably by deciding on the allocation of resources to a programme of work and budget and by ensuring conformity with agreed strategies and policies;
- evaluate performance of the organization and ensure accountability to Member States and parent bodies; and
- manage its own governance processes.

Before the meeting

- Study carefully the annotated agenda and the background documents and signal to the Bureau if you have major concerns.
- Request technical or detailed information from the Secretariat.

Interventions

- **For the opening session's interactive dialogue with the Executive Director and special guest(s)**, please ensure to limit your intervention to one comment, the duration of which should not exceed one minute, and to two questions. The comment and two questions should directly relate to the remarks by the Executive Director and special guest(s).
- **For national and/or List statements that follow the interactive segment**, in preparing your interventions, identify and focus on the strategic, policy, and oversight issues.
- Clarify your purpose at the beginning.
- Link your comments to those of the previous speakers, seeking to clarify and, if possible, resolve outstanding issues or disagreements.
- Be concise and to the point — and usually speak for a maximum of **four minutes and a half (4.5)**.
- Intervene on one issue at a time and feel free to contribute briefly more than once during the discussion of a particular agenda item.
- Keep formalities to a minimum and avoid making repetitive congratulations to the President, Executive Director or others.
- Be sensitive to your choice of language, especially jargon, as your remarks can be easily misunderstood or misinterpreted.

¹This aide-mémoire was initially prepared by the Bureau. It has been updated to reflect 2019 decisions by the Bureau on time limits and clarity on the interactive dialogue segment.

- Remember the “two-hand” signal to ask for the opportunity to make an immediate and brief “linking” or clarifying comment with respect to the previous intervention.

Practical

- Arrive on time — meetings of the Board will start and finish on time.
- Switch off all mobile phones upon entering the room.
- You may receive messages through the Meeting Information Desk at the following telephone numbers: +39 06 6513 2253.
