## Overview of the Togo ICSP

- **Strategic Outcome 1** (Crisis response): Provide food and nutrition assistance to crisis-affected populations; and strengthen the capacity of and coordination among national partners on emergency preparedness and response.
- **Strategic Outcome 2** (Resilience building): Facilitate equitable access to markets and provide technical support on Supply Chain, quality standards, food safety/fortification and market monitoring information to selected food processors and smallholder farmers.
- **Strategic Outcome 3** (Crisis response): Provide technical assistance, supply chain and emergency telecommunications services and coordinated support to government and humanitarian partners to receive timely assistance.

## Critical role of Lomé Port

- WFP's **main Global Commodity Management Facility (GCMF) Hub** in West Africa.
- Currently holds some 6,550 metric tons food.
- **Enables flow of commodities** in support of the **COVID-19 response** and regional **Level 3 emergency response in the Central Sahel** (Burkina Faso, Niger, Mali).
- Enables WFP's **provision of on-demand logistics support in Togo.**

## Working in Partnership

- WFP's main **Global Commodity Management Facility (GCMF) Hub** in West Africa.
- Currently holds some 6,550 metric tons food.
- **Enables flow of commodities** in support of the **COVID-19 response** and regional **Level 3 emergency response in the Central Sahel** (Burkina Faso, Niger, Mali).
- Enables WFP's **provision of on-demand logistics support in Togo.**
