

Somalia Country Strategic Plan 2022-2025Sustainable pathways to resilient food security

SAVING LIVES CHANGING LIVES

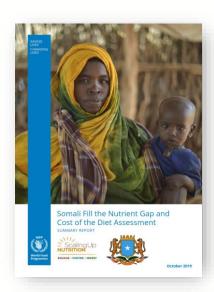

EB Informal Consultation- 16 July 2021

Broad consultation, robust evidence, strong alignment

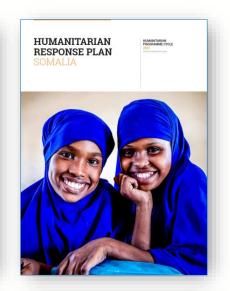

CSP inputs

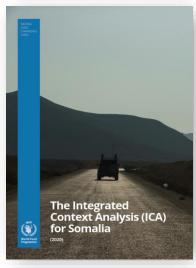

- CSP informed by CCA, ICSP lessons, evaluations, M&E
- WFP evidence (e.g. *Fill the Nutrient Gap*; *Integrated context analysis*; and trends)
- Feedback from Govt, UN partners, donor consultations; CFM from beneficiaries, affected communities
- CSP aligns with SDGs, NDP9, HRP and UNCF – and WFP's Strategic Plan

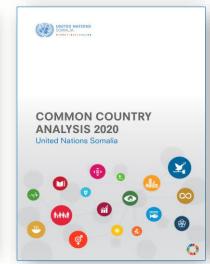

Somalia CSP 2022-25

Sustainable pathways to resilient food security though an integrated package of shock-responsive food and nutritional assistance

Focus area: CRISIS RESPONSE Life-saving, nutritious support for the most vulnerable during and in the aftermath of shocks. SO1. Food access during crisis

SO2. Food access all year round

Focus area: RESILIENCE

Building human capital, shock-responsive safety nets, home grown school meals, nutrition-sensitive SBCC.

Leave No One Behind

- Triple nexus approach
- Evidence for advocacy
- Programme Integration
- Better coordination
- Tech, digital innovation
- Food systems focus
- Gender transformation
- Supporting peace, stability

SO3. Sustainable food systems

Focus area: RESILIENCE

Climate-smart, productive, adaptive, resilient, and nutritious food systems; efficient, inclusive markets.

Focus area: CRISIS RESPONSE Essential humanitarian air and logistics services, national supply chains. SO5. Service Provision

SO4. Capacity Strengthening

Focus area: RESILIENCE

Government and national systems strengthening; advocacy on FNS, evidence generation, policy support; disaster risk reduction; technology and knowledge transfers.

Partnerships

We work together with national and local governments, United Nations agencies, the private sector and with the communities that we serve – which are critical to build sustainability, peace and stability

Government and line ministries are our key partners

Joint programmes with UN agencies to build human capital and resilience

Private sector linkages and a network of 100 cooperating partners and 1,000 retailers

Innovative solutions for improved value chains and strengthened food systems

Building Government systems and pathways to peace and inclusive development

Serving communities and empowering vulnerable groups
