- **Global guidance on Cooperation Frameworks in exceptional circumstances** developed by the inter-agency Programme Working Group and approved by the UNSDG Principals in April.
- **Advanced draft guidance on Joint Programmes developed** to replace the 2014 guidelines and make joint programmes more effective, easier to use, with fewer transaction costs.
- WFP **internal guidance on the Cooperation Framework** is being updated (Q3, 2022).
- **Second Generation CSP Working Group** continues to coordinate internally programmatic implications of UN Development System Reform.

- **Cooperation Frameworks and Common Country Analysis are progressing at country level.** 55% of UN Country Teams are now operating with a new Cooperation Framework.
- **Alignment status of second generation CSPs with Cooperation Frameworks:**
 - WFP's development interventions are directly derived from Cooperation Frameworks outcomes.
- WFP is taking part of an **inter-agency desk review** to assess the quality of Common Country Analyses (CCAs) and Cooperation Frameworks (UNSDCF).
