## Nigeria Country Strategic Plan 2023-2027

### CSP 2G -Informal EB Consultation

**WFP Nigeria**

20 December 2022

# Context of Food Insecurity in Nigeria

**Countrywide:** November 2022 Cadre Harmonise (CH) - 17 million people are food insecure. 25.3 million people will need food assistance during the 2023 lean season, of this nearly 1.9 million people will be in 'emergency' phase (Phase 4),

In **Benue, Taraba and Cross River States** nearly 40,000 Cameroonian refugees are in need of food assistance. The situation of IDPs in Benue is particularly precarious, with nearly 150,000 IDPs already in emergency phase.

In the **Borno, Adamawa and Yobe States**, November 2022 CH - 3 million people are currently food insecure. 4.4 million people will need food assistance in 2023 lean season, 578,000 will be in 'emergency phase' (Phase 4) and 4,000 people are in 'catastrophe' (Phase 5).

In the **northwestern states of Sokoto, Katsina and Zamfara**, 4.3 million will need food assistance in the 2023 lean season. Over the last two lean seasons, the number of food insecure people in these three states has increased drastically and more than doubled since the 2021 lean season

# Nigeria 2G CSP

## Is responding to:

**Growing food insecurity and nutrition needs** amongst women , men , girls and boys in the Northeast, Northwest and States hosting Cameroonian refugees

## And informed by:

### **Lessons learnt from the 1G CSP**

identified through evaluations, studies and consultations (CSP-Evaluation , decentralized livelihoods evaluation, Fill the nutrient gap study , Government and partner consultations)

# Programmatic shifts in the 2G CSP

## Better programme integration:

Merging of malnutrition prevention and food assistance and integration of livelihood and stunting prevention.

## Country capacity

**strengthening:** Provide technical support to the Government to build a nutrition and gender-sensitive ,shock-responsive social protection system

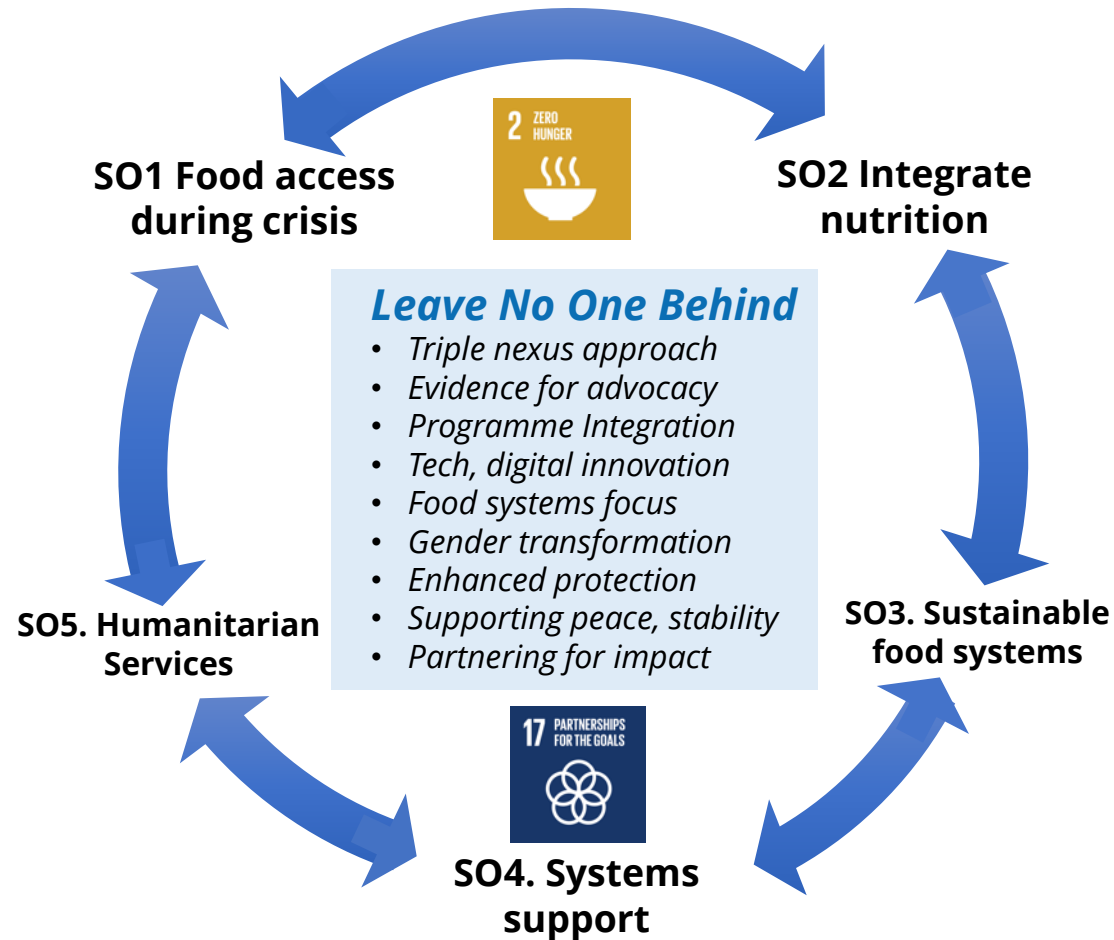

**System approach :** Promote food system transformation for better nutrition and improved food security and create linkage between small holder farmers and markets

## Mainstreaming :

Accountability to Affected Population , gender equality & women's empowerment, protection, nutrition integration, climate change adaption and innovation

# Nigeria CSP 2023-2027: Integration and Linkages

Targeted humanitarian response linked to sustainable, resilient food security, integrating nutrition, gender, and protection to shock-responsive activities. Shifting gradually from delivering to enabling to reach 2030.

**Thank you**
