Types of Reviews & Outputs

The JIU conducts three types of reviews:

1. Single-organization
2. Several organization
3. System-wide

The JIU issues three types of outputs aimed at improving management and methods and at achieving greater coordination between organizations

Reports

- Addressed and submitted to legislative/governing bodies for consideration and follow-up
- At least one recommendation addressed to the legislative body

Notes and Management/Confidential Letters:

- Addressed and submitted to the executive heads for use as they may decide
- All recommendations addressed to the executive heads

WFP's reporting process for JIU reports and recommendations

JIU reports shared with the Executive Board Bureau for onward sharing to the Executive Board

JIU reports disseminated to the relevant departments / divisions for information

Gather comments on the JIU report and recommendations for:

- interagency comments submitted to CEB
- management responses and updates in the JIU annual report

Executive Board Bureau (EBB) Consultation Process

JIU Mandate

Extensive dialogue in late 2010 - early 2011

How should the EB address and implement JIU recommendations, in the absence of a formal procedure?

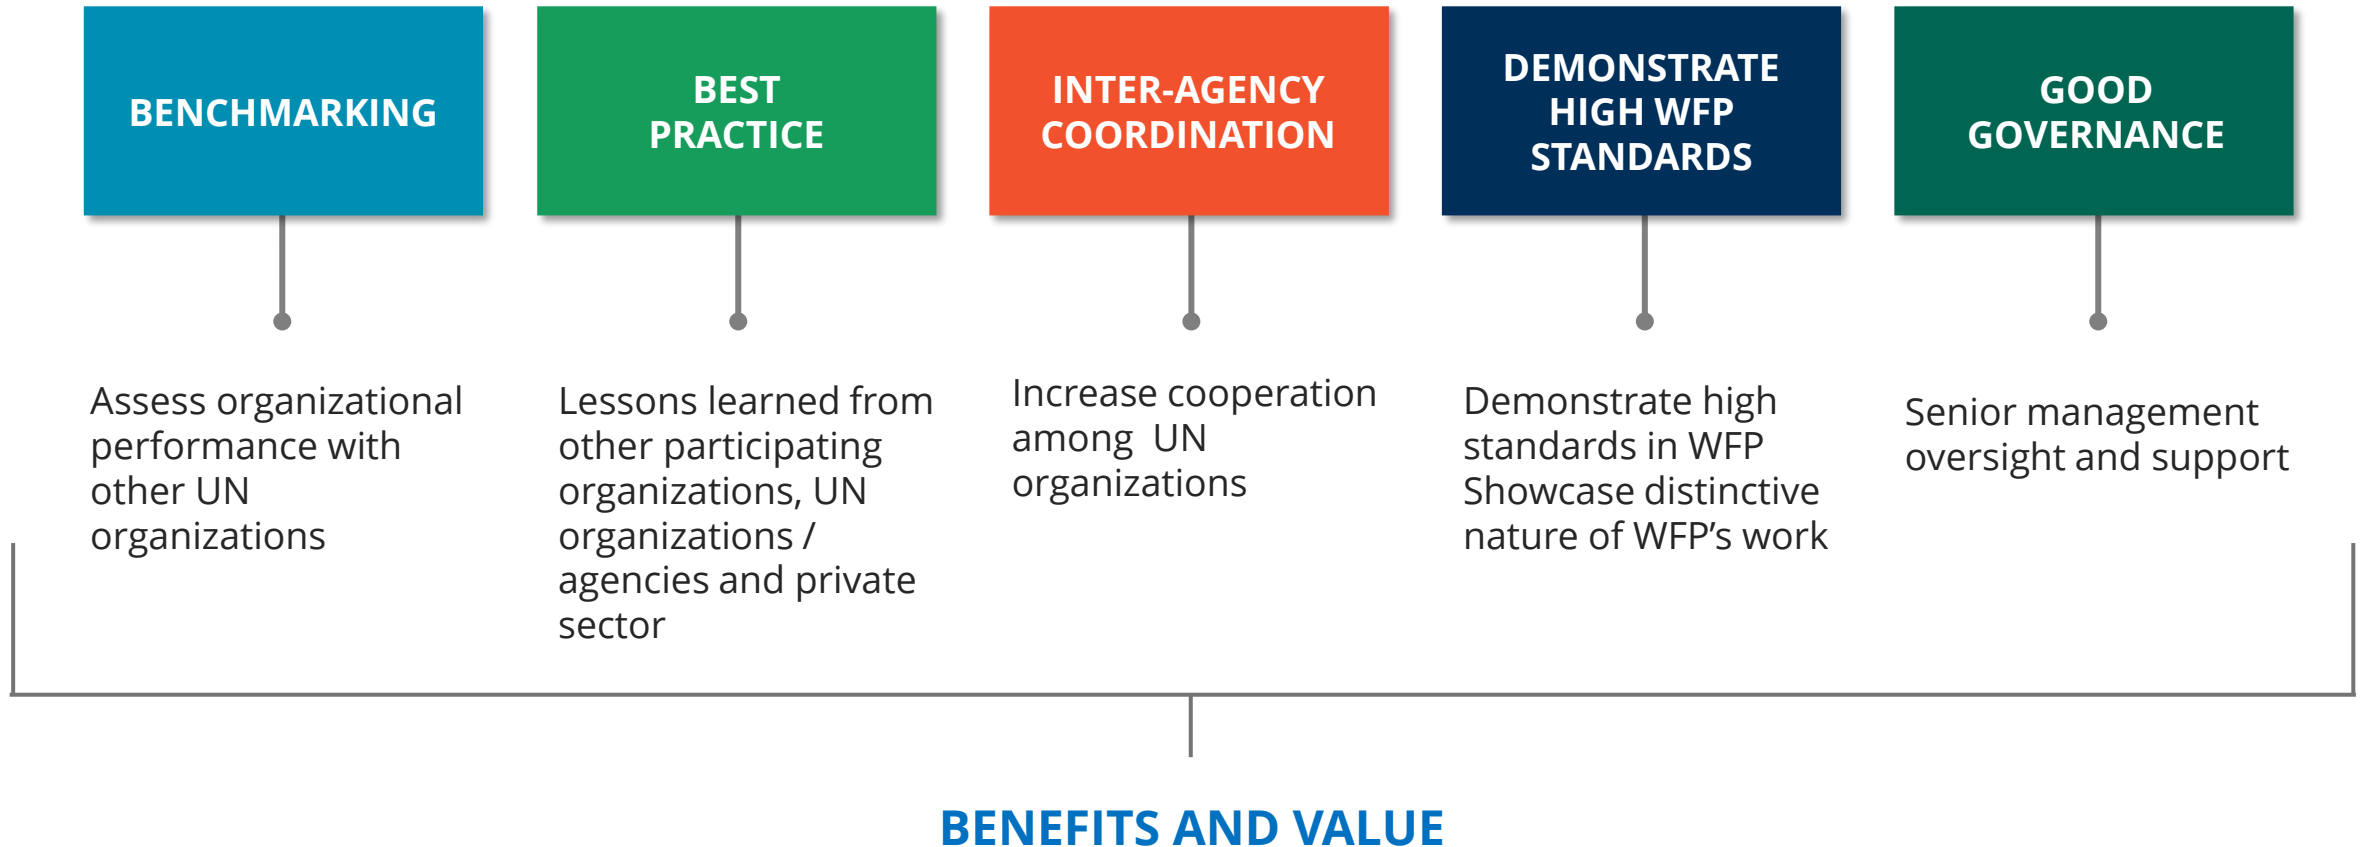

Outcomes

- WFP Management increased the detail of reporting of JIU recommendations on the *"Reports by the Joint Inspection Unit relevant to the work of WFP"*
- EBB Alternates Working Group created to review the responses to recommendations addressed to the legislative body
- Executive Board Secretariat facilitates the EBB Alternates Working Group e-consultation process

E-Consultation Process

- Management, facilitated by RMD, prepares pre-populated responses to JIU recommendations addressed to the legislative body
- RMD submits pre-populated responses to EBB, through EBS
- EBB reviews proposed responses and advice to further enhance actions and/or change timeframes are incorporated accordingly
- RMD updates the JIU Annual Report for EB.1/2024

Benefits and Value

Video message from:

Jorge Flores Callejas, JIU Chair in 2021

Gönke Roscher, JIU Vice-Chair in 2021

JIU Web-Based Tracking System (WBTS)

- Online tool to maintain, monitor and report status of JIU recommendation acceptance and implementation
- Tracks consideration of JIU reports by the participating organizations' governing bodies
- Provides statistical data and reports on JIU recommendations for use by the participating organizations, oversight entities, governing bodies and Member States

Joint Inspection Unit  of the United Nations System

JIU Follow-up System

Tracking of the status of acceptance, implementation and impact achieved of the recommendations addressed by JIU to the participating organizations.

Management of consideration of JIU Reports by Governing Bodies.

Statistical information in terms of categories of acceptance, implementation and impact achieved of the JIU recommendations contained in Reports, Notes and Letters.

Contact

JIU - Joint Inspection Unit

Independent external oversight body of the United Nations system mandated to conduct evaluations, inspections and investigations system-wide.

United Nations General Assembly resolution 62/246 requested the JIU to study the feasibility of using a web-based system to monitor the status of recommendations and receive updates from organizations. With the support of participating organizations, the WBTS was designed, developed, and implemented between 2010 and 2012.
