## ANNEX III-C: RESULTS AGAINST OUTPUTS, OUTCOMES AND CROSS-CUTTING PRIORITIES

---

1. This annex presents the results of output, outcome and cross-cutting priority indicators for operations active and monitored during the reporting year, using the methodology described in annex III-B, and are intended to complement the summaries and narrative provided in part III of the APR.
2. The following column definitions apply:
  - a) *No. of countries*: the number of country offices reporting against an indicator.
  - b) *No. of measurements*: the total number of measurements against an indicator.
  - c) *2023 planned or target*: the aggregated planned or corporate-level target value. For indicators measuring direct beneficiaries reached and transfers given to them to improve their food security and nutrition status, planned or target values are typically based on assessed needs, while the planned or target values for other indicators typically represent the assessed needs that country offices deem implementable.
  - d) *2023 actual*: the aggregated actual value.
  - e) *Performance*: the percentage of the 2023 target achieved.
  - f) *Improvement or stability rate*: percentage of measurements that improved or were stable compared with their baseline.
  - g) *Achievement rate*: percentage of measurements that met or exceeded their target.

## Sustainable Development Goal 2 – Support countries in achieving zero hunger

### Strategic outcome 1 – People are better able to meet their urgent food and nutrition needs

#### Outcome indicators

Indicator name	No. of countries	No. of measurements	Improvement or stability rate	Achievement rate
Consumption-based coping strategy index (average)	63	142	56%	47%
Economic capacity to meet essential needs	25	37	65%	49%
Food consumption score – Percentage of households with acceptable food consumption score	68	153	61%	41%
Food consumption score – Percentage of households with poor food consumption score	68	153	65%	47%
Livelihood coping strategies for essential needs – Percentage of households not using livelihood-based coping strategies	19	26	73%	73%
Livelihood coping strategies for essential needs – Percentage of households using emergency coping strategies	19	26	54%	54%
Livelihood coping strategies for food security – Percentage of households not using livelihood-based coping strategies	54	116	55%	38%
Livelihood coping strategies for food security – Percentage of households using emergency coping strategies	54	116	59%	53%
Minimum diet diversity for women and girls of reproductive age	26	50	64%	42%
Moderate acute malnutrition treatment default rate	23	47	51%	96%
Moderate acute malnutrition treatment mortality rate	23	47	74%	100%
Moderate acute malnutrition treatment non-response rate	21	45	47%	98%
Moderate acute malnutrition treatment recovery rate	22	46	46%	96%
Number of complementary school health and nutrition interventions delivered alongside school feeding delivered by WFP – Mean (average) number of complementary interventions provided to at least one school in your country office	4	4	100%	25%
Number of national policies, strategies, programmes and other system components contributing to zero hunger and other SDGs enhanced with WFP capacity strengthening support	7	7	100%	71%
Percentage of moderate acute malnutrition cases reached by treatment services (coverage)	16	35	83%	69%
Percentage of the population in targeted communities reporting benefits from an enhanced livelihood asset base	7	12	92%	42%

Indicator name	No. of countries	No. of measurements	Improvement or stability rate	Achievement rate
Proportion of children 6–23 months of age who receive a minimum acceptable diet	20	37	78%	16%
Proportion of eligible population reached by nutrition preventive programmes (coverage)	20	37	78%	51%
Proportion of target population who participate in an adequate number of distributions (adherence)	20	33	67%	55%
Retention rate, by grade – retention rate	11	11	55%	27%

### Output indicators

Indicator name	No. of countries	2023 planned	2023 actual	Performance
<b>STANDARD OUTPUT 1.1 Food insecure and crisis-affected populations have access to nutritious food and cash-based assistance, restored assets and services to meet their urgent needs</b>				
<b>OUTPUT CATEGORY A. Resources transferred</b>				
A.1.1 Number of people receiving assistance unconditionally or conditionally (complementary with UNICEF, FAO and WHO)	77	106 848 341	104 914 477	98%
A.1.2 Number of nutritionally vulnerable people receiving food/cash-based transfers/commodity vouchers/capacity strengthening transfers through malnutrition treatment and prevention programmes (complementary with UNICEF, FAO and WHO)				
Therapeutic feeding (treatment of severe acute malnutrition)	1	0	887	N/A
A.1.4 Number of girls and boys receiving food/cash-based/commodity vouchers/capacity strengthening transfers through emergency school-based programmes (complementary with UNICEF, UNHCR and WFP)				
School feeding (on-site)	11	1 933 442	2 068 398	107%
School feeding (take-home rations)	7	243 559	259 500	107%
A.1.5 Number of people receiving food/cash-based/commodity vouchers/capacity strengthening transfers through livelihood skills training activities				
Food assistance for training	8	1 236 897	909 226	74%
A.1.6 Number of people receiving food/cash-based/commodity vouchers/capacity strengthening transfers under food assistance for assets (complementary with ILO, UNDP, World Bank, UNHCR and UNICEF)				
Food assistance for assets	7	2 764 803	2 057 308	74%
A.1.7 Number of people in emergency contexts receiving assistance unconditionally or to restore infrastructure and community assets (complementary with UNICEF, UNHCR and WFP)				
Food assistance for assets	12	1 788 677	629 954	35%
General distribution	77	99 767 425	100 273 184	101%

Indicator name	No. of countries	2023 planned	2023 actual	Performance
A.1.8 Number of women, men, boys and girls receiving food/cash-based/commodity vouchers/individual capacity strengthening transfers through actions to protect against climate shocks				
Forecast-based anticipatory actions	6	70 490	33 280	47%
Macro insurance	2	234 079	50 010	21%
Other climate adaptation and risk management activities	1	200 000	30 821	15%
A.10.2 Total value (USD) of individual capacity strengthening transfers in support of learning to prevent or treat malnutrition	1	421 427	421 427	100%
A.2.1 Quantity of food provided through conditional or unconditional assistance	72	6 955 509	3 079 855	44%
A.2.4 Quantity of food provided to girls and boys through emergency school-based programmes	12	52 136	22 059	42%
A.2.5 Quantity of food provided to people and communities through livelihood skills training activities	3	4 019	1 284	32%
A.2.6 Quantity of food provided to people enrolled in food assistance for assets activities	4	98 762	18 229	18%
A.2.7 Quantity of food provided unconditionally or to restore infrastructure and community assets	72	6 761 675	3 023 365	45%
A.2.9 Quantity of food provided to schools through home-grown school-based programmes	4	6 978	3 939	56%
A.3.1 Total value of cash transferred to people	67	3 227 699 301	1 450 167 263	45%
A.3.2 Total value of cash transferred to family members of girls and boys benefiting from school-based programmes	6	3 311 086	281 414	8%
A.3.3 Total value of cash transferred to people through livelihood skills training activities	7	34 785 611	15 499 877	45%
A.3.4 Total value of cash transferred to people enrolled in food assistance for assets activities	18	199 869 436	52 288 747	26%
A.4.1 Total value of vouchers transferred to people disaggregated by type (value voucher or commodity voucher)	44	1 711 512 525	751 823 255	44%
A.4.2 Total value of vouchers (value voucher or commodity voucher) transferred to family members of girls and boys benefiting from school-based programmes	6	91 238 755	8 918 324	10%
A.4.3 Total value of vouchers transferred to people enrolled in food assistance for assets activities disaggregated by type (value voucher or commodity voucher)	5	12 211 222	997 933	8%
A.5 Quantity of non-food items distributed	8	11 584	9 619	83%
A.6.2 Number of schools or institutional sites reached through school-based programming	12	13 045	13 700	105%
A.8 Number of rations provided through conditional or unconditional assistance	77	28 363 454 169	14 943 930 064	53%
A.9 Number of households receiving school-based take-home rations	3	137 500	120 102	87%

Indicator name	No. of countries	2023 planned	2023 actual	Performance
<b>OUTPUT CATEGORY B. Nutritious food provided</b>				
B.1.1 Quantity of fortified food provided through conditional or unconditional assistance	62	1 504 854	1 366 835	91%
B.1.2 Quantity of fortified food provided to treat or prevent malnutrition	7	482	386	80%
B.1.4 Quantity of fortified food provided for girls and boys benefiting from emergency school-based programming	8	4 055	1 637	40%
B.1.5 Quantity of fortified food provided unconditionally or to restore infrastructure and community assets	62	1 498 643	1 364 683	91%
B.3.1 Percentage of fortified staple commodities (out of total staple commodities) distributed to nutritionally vulnerable people	32	41	87	212%
B.3.2 Percentage of fortified staple commodities (out of total staple commodities) distributed to girls and boys benefiting from school-based programming	4	19	0	0%
B.3.3 Percentage of fortified staple commodities (out of total staple commodities) distributed to girls and boys benefiting from emergency school-based programming	8	0	0	N/A
<b>OUTPUT CATEGORY C. Capacity development and technical support provided</b>				
C.16 Number of national institutions engaged in WFP capacity strengthening activities at national and subnational levels	10	419	370	88%
<b>OUTPUT CATEGORY D. Assets created</b>				
<b>D.1.1 Number of assets built, restored or maintained by targeted households and communities, by type and unit of measure</b>				
Kilometres of feeder roads and trails constructed/repaired	2	3 500	3 512	100%
Kilometres of drainage canals and flood protection dykes built/rehabilitated	2	352	351	100%
Kilometres of irrigation canals	2	2 902	2 918	101%
Number of bridges constructed/rehabilitated	1	6	6	100%
Number of community infrastructure	2	1 310	1 310	100%
Number of culverts and drainage	1	122	122	100%
Total annual capacity, installed, restored or maintained for energy generation or storage	1	105	105	100%
Total tonnes of fish stock brought under sustainable management practices	1	10	8	80%
<b>D.1.2 Number of assets built, restored or maintained by targeted households and communities, by type and unit of measure in emergency context</b>				
Hectares of community gardens and orchards established/rehabilitated	4	399	416	104%
Hectares of land forested	2	16	0	0%
Hectares of land rehabilitated/benefiting from irrigation infrastructures	5	36 799	39 379	107%
Kilometres of drainage canals and flood protection dykes built/rehabilitated	3	47	70	149%
Kilometres of feeder roads and trails constructed/repaired	5	503	489	97%
Kilometres of irrigation canals	3	458	495	108%

Indicator name	No. of countries	2023 planned	2023 actual	Performance
Number of household and school gardens	4	9 793	6 071	62%
Number of bridges constructed/rehabilitated	2	2	1	50%
Number of community infrastructure	6	225	242	108%
Number of culverts and drainage	2	55	53	96%
Number of water points (ponds, shallow wells, weirs, dams) constructed or rehabilitated	6	452 889	442 016	98%
Total annual capacity, installed, restored or maintained for energy generation or storage	1	3	0	0%
Total number of climate adaptation assets built, restored or maintained	4	1 319	924	70%
Total number of hectares of areas brought under restoration/improved ecosystems and/or climate-resilient management practices	1	31	31	99%
Total tonnes of fish stock brought under sustainable management practices	1	2	0	0%
D.3 Number of participants who completed vocational/livelihood skills training activities	6	93 289	97 850	105%
D.5 Number of people provided with direct access to energy products or services in emergency context	3	8 000	0	0%
<b>OUTPUT CATEGORY G. Skills, capacities and services for climate adaptive livelihoods</b>				
G.1 Number of people covered by an insurance product through risk transfer mechanisms supported by WFP	3	759 017	759 017	100%
G.7 Percentage of tools developed or reviewed to strengthen national systems for forecast-based anticipatory action	3	50	28	56%
G.9 Number of people covered and assisted through forecast-based anticipatory actions against climate shocks	6	329 800	18 184	6%
<b>OUTPUT CATEGORY N. School feeding provided</b>				
N.1.1 Number of countries that achieved 80 percent (or higher) of their targeted school feeding days	2	2	2	100%
N.1.2 Number of countries that achieved 80 percent (or higher) of their targeted school feeding days in emergency contexts	8	8	5	62%
N.2 Number of countries that provided multi-fortified or at least 4 food groups on 80 percent (or more) of their targeted average number of days per month	5	5	3	60%
N.3.1 Number of children receiving deworming with WFP support	1	41 500	32 179	78%
N.3.2 Number of children receiving deworming with WFP support from emergency school-based programming	1	0	0	N/A
N.5 Number of schools with infrastructure rehabilitated or constructed in emergency context	3	53	32	60%

Indicator name	No. of countries	2023 planned	2023 actual	Performance
<b>STANDARD OUTPUT 1.2 Crisis-affected children, pregnant women and girls and new mothers, and other nutritionally vulnerable populations benefit from programmes to prevent and treat malnutrition and improve diets</b>				
<b>OUTPUT CATEGORY A. Resources transferred</b>				
A.1.1 Number of people receiving assistance unconditionally or conditionally (complementary with UNICEF, FAO and WHO)	28	31 677 930	19 998 111	63%
A.1.2 Number of nutritionally vulnerable people receiving food/cash-based transfers/commodity vouchers/capacity strengthening transfers through malnutrition treatment and prevention programmes (complementary with UNICEF, FAO and WHO)				
HIV/TB care and treatment	8	141 572	28 906	20%
Prevention of acute malnutrition	20	13 754 869	6 414 891	47%
Prevention of micronutrient deficiencies	2	259 296	208 326	80%
Prevention of stunting	4	998 866	203 174	20%
Treatment of moderate acute malnutrition	21	14 648 258	11 379 117	78%
A.1.4 Number of girls and boys receiving food/cash-based/commodity vouchers/capacity strengthening transfers through emergency school-based programmes (complementary with UNICEF, UNHCR and WFP)				
School feeding (on-site)	1	1 000 000	1 061 448	106%
A.1.7 Number of people in emergency contexts receiving assistance unconditionally or to restore infrastructure and community assets (complementary with UNICEF, UNHCR and WFP)				
HIV/TB mitigation and safety nets	3	38 010	14 549	38%
A.2.2 Quantity of food provided to nutritionally vulnerable people through malnutrition treatment and prevention programmes	27	484 708	200 147	41%
A.2.4 Quantity of food provided to girls and boys through emergency school-based programmes	1	16 975	4 849	29%
A.2.8 Quantity of food provided to people and communities through actions to protect against climate shocks	1	0	4	N/A
A.4.1 Total value of vouchers transferred to people disaggregated by type (value voucher or commodity voucher)	8	45 144 184	12 642 874	28%
A.6.1 Number of WFP-assisted health centres or sites	12	18 923	16 094	85%
A.8 Number of rations provided through conditional or unconditional assistance	29	4 617 893 222	1 845 800 132	40%

Indicator name	No. of countries	2023 planned	2023 actual	Performance
<b>OUTPUT CATEGORY B. Nutritious food provided</b>				
B.1.2 Quantity of fortified food provided to treat or prevent malnutrition	17	3 318	1 145	35%
B.1.4 Quantity of fortified food provided for girls and boys benefiting from emergency school-based programming	1	13 875	3 827	28%
B.2.1 Quantity of specialized nutritious foods provided to treat or prevent malnutrition	27	464 537	198 071	43%
B.3.1 Percentage of fortified staple commodities (out of total staple commodities) distributed to nutritionally vulnerable people	3	0	0	N/A
B.3.3 Percentage of fortified staple commodities (out of total staple commodities) distributed to girls and boys benefiting from emergency school-based programming	1	100	100	100%
<b>OUTPUT CATEGORY E. Social and behaviour change communication (SBCC) provided</b>				
E.4 Number of people reached through interpersonal SBCC approaches (complementary with UNICEF, FAO, WFP and WHO)	22	12 202 632	14 817 954	121%
E.5 Number of people reached through SBCC approaches using media (complementary with UNICEF, FAO, WFP and WHO)	5	500 276	467 847	94%

## Strategic outcome 2 – People have better nutrition, health and education outcomes

### Outcome indicators

Indicator name	No. of countries	No. of measurements	Improvement or stability rate	Achievement rate
Consumption-based coping strategy index (average)	14	19	63%	53%
Economic capacity to meet essential needs	6	6	33%	17%
Food consumption score – Percentage of households with acceptable food consumption score	19	26	54%	38%
Food consumption score – Percentage of households with poor food consumption score	19	26	62%	54%
Livelihood coping strategies for essential needs – Percentage of households not using livelihood-based coping strategies	3	3	67%	33%
Livelihood coping strategies for essential needs – Percentage of households using emergency coping strategies	3	3	67%	33%
Livelihood coping strategies for food security – Percentage of households not using livelihood-based coping strategies	12	16	50%	44%

Indicator name	No. of countries	No. of measurements	Improvement or stability rate	Achievement rate
Livelihood coping strategies for food security – Percentage of households using emergency coping strategies	12	16	62%	56%
Minimum diet diversity for women and girls of reproductive age	27	39	79%	51%
Moderate acute malnutrition treatment default rate	16	16	62%	94%
Moderate acute malnutrition treatment mortality rate	17	17	76%	88%
Moderate acute malnutrition treatment non-response rate	17	17	53%	76%
Moderate acute malnutrition treatment recovery rate	17	17	65%	88%
Number of complementary school health and nutrition interventions delivered alongside school feeding delivered by WFP – Mean (average) number of complementary interventions provided to at least one school in your country office	9	9	100%	78%
Number of national policies, strategies, programmes and other system components contributing to zero hunger and other SDGs enhanced with WFP capacity strengthening support	30	38	84%	76%
Number of national policies, strategies, programmes and other system components contributing to zero hunger and other SDGs enhanced with WFP-facilitated South–South and triangular cooperation support	3	3	100%	67%
Number of national policies, strategies, programmes and other system components relating to school health and nutrition/including school feeding enhanced/developed with WFP capacity strengthening support and/or advocacy	18	19	89%	68%
Percentage of moderate acute malnutrition cases reached by treatment services (coverage)	10	10	90%	30%
Proportion of children 6–23 months of age who receive a minimum acceptable diet	22	31	84%	23%
Proportion of eligible population reached by nutrition preventive programme (coverage)	24	32	66%	47%
Proportion of target population who participate in an adequate number of distributions (adherence)	20	24	58%	58%
Retention rate, by grade – retention rate	26	29	62%	59%
Value of smallholder sales through WFP-supported aggregation systems – Overall	5	5	100%	60%

**Output indicators**

Indicator name	No. of countries	2023 planned	2023 actual	Performance
<b>STANDARD OUTPUT 2.1 Food-insecure populations have increased and sustained access to nutritious food, cash-based assistance, new or improved skills and services to meet their food and nutrition needs</b>				
<b>OUTPUT CATEGORY A. Resources transferred</b>				
A.1.1 Number of people receiving assistance unconditionally or conditionally (complementary with UNICEF, FAO and WHO)	19	7 695 122	5 866 569	76%
A.1.3 Number of girls and boys receiving food/cash-based/commodity vouchers/capacity strengthening transfers through school-based programmes				
School feeding (alternative take-home rations)	1	40 248	496 838	1 234%
School feeding (take-home rations)	1	466 644	53 652	11%
A.1.5 Number of people receiving food/cash-based/commodity vouchers/capacity strengthening transfers through livelihood skills training activities				
Food assistance for training	3	234 050	32 161	14%
A.1.7 Number of people in emergency contexts receiving assistance unconditionally or to restore infrastructure and community assets (complementary with UNICEF, UNHCR and WFP)				
HIV/TB mitigation and safety nets	2	294 015	160 846	55%
A.1.8 Number of women, men, boys and girls receiving food/cash-based/commodity vouchers/individual capacity strengthening transfers through actions to protect against climate shocks				
Macro insurance	2	386 238	377 049	98%
A.2.1 Quantity of food provided through conditional or unconditional assistance	6	52 015	28 752	55%
A.2.5 Quantity of food provided to people and communities through livelihood skills training activities	2	2 274	649	29%
A.3.1 Total value of cash transferred to people	15	420 483 156	205 458 169	49%
A.3.3 Total value of cash transferred to people through livelihood skills training activities	2	20 746 296	723 039	3%
A.4.1 Total value of vouchers transferred to people disaggregated by type (value voucher or commodity voucher)	8	63 243 074	50 399 101	80%
A.6.2 Number of schools or institutional sites reached through school-based programming	2	4 007	11 475	286%
A.8 Number of rations provided through conditional or unconditional assistance	17	1 245 743 291	575 657 679	46%
<b>OUTPUT CATEGORY B. Nutritious food provided</b>				
B.1.1 Quantity of fortified food provided through conditional or unconditional assistance	5	7 810	7 439	95%
B.3.1 Percentage of fortified staple commodities (out of total staple commodities) distributed to nutritionally vulnerable people	2	89	100	112%
B.3.2 Percentage of fortified staple commodities (out of total staple commodities) distributed to girls and boys benefiting from school-based programming	2	0	23	N/A

Indicator name	No. of countries	2023 planned	2023 actual	Performance
<b>OUTPUT CATEGORY C. Capacity development and technical support provided</b>				
C.4 Number of people engaged in capacity strengthening initiatives facilitated by WFP to enhance national stakeholder capacities contributing to zero hunger	15	29 216	24 300	83%
C.5 Number of capacity strengthening initiatives facilitated by WFP to enhance national stakeholder capacities to contribute to zero hunger and other SDGs	20	952	857	90%
C.8 Value of assets and infrastructure handed over to national stakeholders as part of WFP capacity strengthening support	5	1 513 755	1 583 513	105%
<b>OUTPUT CATEGORY D. Assets created</b>				
D.1.1 Number of assets built, restored or maintained by targeted households and communities, by type and unit of measure				
Number of community infrastructure	4	3 203	3 021	94%
Number of culverts and drainage	1	43	41	95%
Total value of physical assets made more resilient to the effects of climate change and/or more able to reduce greenhouse gas (GHG) emissions	1	225 897	225 897	100%
D.3 Number of participants who completed vocational/livelihood skills training activities	2	4 286	4 259	99%
<b>OUTPUT CATEGORY G. Skills, capacities and services for climate adaptive livelihoods</b>				
G.7 Percentage of tools developed or reviewed to strengthen national systems for forecast-based anticipatory action	2	50	50	100%
G.8 Number of people provided with direct access to information on climate and weather risks	1	144 300	792 877	549%
<b>OUTPUT CATEGORY N. School feeding provided</b>				
N.5 Number of schools with infrastructure rehabilitated or constructed in emergency context	1	592	327	55%
<b>STANDARD OUTPUT 2.2 Children, pregnant women and girls and new mothers, and other nutritionally vulnerable populations benefit from programmes to prevent and treat malnutrition and improve diets</b>				
<b>OUTPUT CATEGORY A. Resources transferred</b>				
A.1.2 Number of nutritionally vulnerable people receiving food/cash-based transfers/commodity vouchers/capacity strengthening transfers through malnutrition treatment and prevention programmes (complementary with UNICEF, FAO and WHO)				
HIV/TB care and treatment	6	149 660	52 529	35%
Prevention of acute malnutrition	23	5 754 566	3 278 518	57%
Prevention of micronutrient deficiencies	7	678 855	659 714	97%
Prevention of stunting	19	1 596 502	2 155 731	135%
Treatment of moderate acute malnutrition	22	3 703 624	3 225 865	87%
A.10.2 Total value (USD) of individual capacity strengthening transfers in support of learning to prevent or treat malnutrition	2	523 180	2 583 443	494%

Indicator name	No. of countries	2023 planned	2023 actual	Performance
A.2.2 Quantity of food provided to nutritionally vulnerable people through malnutrition treatment and prevention programmes	36	236 749	72 130	30%
A.4.1 Total value of vouchers transferred to people disaggregated by type (value voucher or commodity voucher)	15	131 914 337	32 497 147	25%
A.5 Quantity of non-food items distributed	2	196 108	197 054	100%
A.6.1 Number of WFP-assisted health centres or sites	16	7 337	6 578	90%
<b>OUTPUT CATEGORY B. Nutritious food provided</b>				
B.1.2 Quantity of fortified food provided to treat or prevent malnutrition	18	3 174	451	14%
B.2.1 Quantity of specialized nutritious foods provided to treat or prevent malnutrition	34	198 077	69 089	35%
B.3.1 Percentage of fortified staple commodities (out of total staple commodities) distributed to nutritionally vulnerable people	5	0	4	N/A
B.3.2 Percentage of fortified staple commodities (out of total staple commodities) distributed to girls and boys benefiting from school-based programming	1	0	37	N/A
<b>OUTPUT CATEGORY C. Capacity development and technical support provided</b>				
C.4 Number of people engaged in capacity strengthening initiatives facilitated by WFP to enhance national stakeholder capacities contributing to zero hunger	24	23 049	23 151	100%
C.16 Number of national institutions engaged in WFP capacity strengthening activities at national and subnational levels	14	610	573	94%
<b>OUTPUT CATEGORY E. Social and behaviour change communication (SBCC) provided</b>				
E.4 Number of people reached through interpersonal SBCC approaches (complementary with UNICEF, FAO, WFP and WHO)	41	7 510 048	8 187 288	109%
E.5 Number of people reached through SBCC approaches using media (complementary with UNICEF, FAO, WFP and WHO)	17	29 620 668	27 376 308	92%
<b>OUTPUT CATEGORY N. School feeding provided</b>

### Strategic outcome 3 – People have improved and sustainable livelihoods

#### Outcome indicators

Indicator name	No. of countries	No. of measurements	Improvement or stability rate	Achievement rate
Climate adaptation benefit score – Total low climate adaptation benefit score	3	3	67%	67%
Climate resilience capacity score – Total low climate resilience capacity score	12	12	58%	67%
Consumption-based coping strategy index (average)	37	59	53%	46%
Economic capacity to meet essential needs	11	13	62%	38%
Food consumption score - Percentage of households with acceptable food consumption score	41	66	74%	61%
Food consumption score – Percentage of households with poor food consumption score	41	66	71%	70%
Livelihood coping strategies for essential needs – Percentage of households not using livelihood-based coping strategies	9	14	50%	43%
Livelihood coping strategies for essential needs – Percentage of households using emergency coping strategies	9	14	64%	64%
Livelihood coping strategies for food security – Percentage of households not using livelihood-based coping strategies	33	57	54%	44%
Livelihood coping strategies for food security – Percentage of households using emergency coping strategies	33	57	70%	65%
Minimum diet diversity for women and girls of reproductive age	10	13	92%	38%
Number of national policies, strategies, programmes and other system components contributing to zero hunger and other SDGs enhanced with WFP capacity strengthening support	22	26	92%	88%

Indicator name	No. of countries	No. of measurements	Improvement or stability rate	Achievement rate
Percentage of the population in targeted communities reporting benefits from an enhanced livelihood asset base	32	46	98%	67%
Retention rate, by grade – Retention rate	4	4	75%	50%
Value of smallholder sales through WFP-supported aggregation systems – Overall	36	44	84%	59%
Volume of smallholder sales through WFP-supported aggregation systems – Overall	36	47	81%	45%

### Output indicators

Indicator name	No. of countries	2023 planned	2023 actual	Performance
<b>STANDARD OUTPUT 3.1 People and communities have access to productive assets to better cope with shocks and stressors</b>				
<b>OUTPUT CATEGORY A. Resources transferred</b>				
A.1.5 Number of people receiving food/cash-based transfers/commodity vouchers/capacity strengthening transfers through livelihood skills training activities				
Food assistance for training	9	263 250	109 374	42%

C.4 Number of people engaged in capacity strengthening initiatives facilitated by WFP to enhance national stakeholder capacities contributing to zero hunger	37	42 637	52 913	124%
C.5 Number of capacity strengthening initiatives facilitated by WFP to enhance national stakeholder capacities to contribute to zero hunger and other SDGs	37	1 841	1 623	88%
C.6 Number of tools or products developed or revised to enhance national systems contributing to zero hunger and other SDGs as part of WFP capacity strengthening	32	385	396	103%
C.8 Value of assets and infrastructure handed over to national stakeholders as part of WFP capacity strengthening support	12	5 271 783	1 257 614	24%
C.16 Number of national institutions engaged in WFP capacity strengthening activities at national and subnational levels	29	486	481	99%
C.17 Number of national southern solutions contributing to zero hunger captured and packaged for South-South and triangular cooperation	4	7	8	114%
<b>OUTPUT CATEGORY D. Assets created</b>				
D.1.1 Number of assets built, restored or maintained by targeted households and communities, by type and unit of measure				
Number of bridges constructed/rehabilitated	1	5	5	100%
Total value of physical assets made more resilient to the effects of climate change and/or more able to reduce GHG emissions	1	504 000	504 000	100%
<b>OUTPUT CATEGORY E. Social and behaviour change communication (SBCC) provided</b>				
E.4 Number of people reached through interpersonal SBCC approaches (complementary with UNICEF, FAO, WFP and WHO)	4	414 052 446	414 112 127	100%
<b>OUTPUT CATEGORY G. Skills, capacities and services for climate adaptive livelihoods</b>				
G.1 Number of people covered by an insurance product through risk transfer mechanisms supported by WFP	2	808 508	633 846	78%
G.7 Percentage of tools developed or reviewed to strengthen national systems for forecast-based anticipatory action	4	43	50	115%
<b>STANDARD OUTPUT 4.2 Components of national emergency preparedness and response, social protection and food systems are strengthened</b>				
<b>OUTPUT CATEGORY A. Resources transferred</b>				
A.1.3 Number of girls and boys receiving food/cash-based/commodity vouchers/capacity strengthening transfers through school-based programmes				
School feeding (take-home rations)	1	600 000	241 580	40%

Indicator name	No. of countries	2023 planned	2023 actual	Performance
<b>OUTPUT CATEGORY C. Capacity development and technical support provided</b>				
C.4 Number of people engaged in capacity strengthening initiatives facilitated by WFP to enhance national stakeholder capacities contributing to zero hunger	22	16 506	23 099	140%
C.5 Number of capacity strengthening initiatives facilitated by WFP to enhance national stakeholder capacities to contribute to zero hunger and other SDGs	26	1 191	1 393	117%
C.6 Number of tools or products developed or revised to enhance national systems contributing to zero hunger and other SDGs as part of WFP capacity strengthening	17	288	279	97%
C.8 Value of assets and infrastructure handed over to national stakeholders as part of WFP capacity strengthening support	10	1 614 912	1 641 144	102%
C.16 Number of national institutions engaged in WFP capacity strengthening activities at national and subnational levels	22	620	714	115%
C.17 Number of national southern solutions contributing to zero hunger captured and packaged for South–South and triangular cooperation	2	6	6	100%
C.19 Number of countries in which WFP supported the updating of government frameworks for preparedness and/or early/anticipatory action at the national and local levels (QCPR) <sup>1</sup>	68	68	65	96%
<b>OUTPUT CATEGORY G. Skills, capacities and services for climate adaptive livelihoods</b>				
G.7 Percentage of tools developed or reviewed to strengthen national systems for forecast-based anticipatory action	10	65	60	92%
G.8 Number of people provided with direct access to information on climate and weather risks	4	2 818 499	832 667	30%
G.9 Number of people covered and assisted through forecast-based anticipatory actions against climate shocks	5	1 983 866	22 371	1%

<sup>1</sup> This indicator is aggregated at the global level based on the results reported by country offices using CRF output indicators on technical assistance and capacity strengthening related to the updating of government frameworks for preparedness and/or early/anticipatory action at the national and local levels.

## Strategic outcome 5 – Humanitarian and development actors are more efficient and effective

### Output indicators

Indicator name	No. of countries	2023 planned	2023 actual	Performance
<b>STANDARD OUTPUT 5.1 Governments and humanitarian actors utilize mandated services in crisis-settings to set-up, manage and deliver response and services</b>				
<b>OUTPUT CATEGORY H. Shared services and platforms provided</b>				
H.1 Number of shared services, data and analytics platforms provided by type	16	12 481	11 830	95%
H.2 Number and type of clusters established that provide coordination, platforms for information exchange and support services to enable humanitarian/peace/development actions	12	20	20	100%
H.4 Total volume of cargo transported	22	34 594	159 891	462%
H.5 Total value of technical assistance provided as a service to governments to establish government-to-person payments systems	1	1 430 905	745 943	52%
H.7 Total number of passengers transported	20	363 464	385 165	106%
<b>STANDARD OUTPUT 5.2 Partners utilize on-demand services to augment their capacity and ensure more efficient, effective and coordinated interventions</b>				
<b>OUTPUT CATEGORY H. Shared services and platforms provided</b>				
H.1 Number of shared services, data and analytics platforms provided by type	31	325	212	65%
H.2 Number and type of clusters established that provide coordination, platforms for information exchange and support services to enable humanitarian/peace/development actions	3	5	5	100%
H.3 Number of engineering works prioritized by national actors completed	4	41	38	93%
H.4 Total volume of cargo transported	19	333 718	226 823	68%
H.6 Total value of cash transferred to people by WFP as a service to governments	1	20 000 000	0	0%
H.7 Total number of passengers transported	1	17 000	17 150	101%
H.8 Total value of cash transferred to people by WFP as a service to partners	8	139 539 976	87 263 866	63%

## Cross-cutting priorities and indicators

### Protection and accountability to affected populations

#### Protection

Indicator name	No. of countries	No. of measurements	2023 target	2023 actual	Performance
CC.1.1 Percentage of beneficiaries reporting no safety concerns experienced as a result of their engagement in WFP programmes	66	197	100	98	98%
CC.1.2 Percentage of beneficiaries who report they experienced no barriers to accessing food and nutrition assistance	59	185	100	97	97%
CC.1.3 Percentage of beneficiaries who report being treated with respect as a result of their engagement in programmes	64	192	90	98	109%
CC.1.4 Number of women, men, boys and girls with disabilities accessing food/cash-based transfers/commodity vouchers/capacity strengthening services	42	42	14 536 620	9 901 535	68%
CC.1.5 Percentage of country offices that meet or exceed United Nations Disability Inclusion Strategy (UNDIS) entity accountability framework standards concerning accessibility (QCPR) <sup>2</sup>	38	38	N/A	18	N/A

<sup>2</sup> While the APR reports the percentage of country offices for this indicator, in 2023, seven country offices met or exceeded UNDIS standards concerning accessibility compared to a target of 38 country offices. No target percentage is available in the 2023 APR given that this is the first year WFP reports on this indicator, for which the 2023 actual will establish the baseline and inform target setting for future years.

**Accountability**

Indicator name	No. of countries	No. of measurements	2023 target	2023 actual	Performance
CC.2.1 Percentage of beneficiaries reporting they were provided with accessible information about WFP programmes, including PSEA	58	167	80	79	99%
CC.2.2 Percentage of country offices meeting or exceeding UNDIS standards on consulting organizations of persons with disabilities (QCPR) <sup>3</sup>	45	45	N/A	31	N/A
CC.2.3 Percentage of country offices that have a functioning community feedback mechanism (CFM)	66	66	75	91	121%
CC.2.4 Percentage of country offices that have a community engagement action plan	56	56	60	43	71%
CC.2.5 Number of children and adults who have access to a safe and accessible channel to report sexual exploitation and abuse by humanitarian, development, protection and/or other personnel who provide assistance to affected populations (IOM, OHCHR, UNDP, UNDPO, UNFPA, UNHCR, UNICEF, UN-WOMEN and OCHA)	29	29	50 546 428	46 709 343	92%
CC.2.6 Percentage of WFP cooperating partners registered in the United Nations Partner Portal which have been assessed using the United Nations Implementing Partner PSEA Capacity Assessment	N/A <sup>4</sup>	N/A	N/A	N/A	N/A

<sup>3</sup> While the APR reports the percentage of country offices for this indicator, in 2023, 14 country offices met or exceeded UNDIS standards on consulting organizations of persons with disabilities compared to a target of 45 country offices. No target percentage is available in the 2023 APR given that this is the first year WFP reports on this indicator, for which the 2023 actual will establish the baseline and inform target setting for future years.

<sup>4</sup> Reliable data for cross-cutting indicator CC.2.6 cannot be provided for 2023 because the United Nations Implementing Partner Capacity Assessment was digitized and integrated in the United Nations Partner Portal only at the end of Q2 2023. Hence, most country offices, which are in the process of implementing the PSEA Capacity Assessment, are in transition from the offline assessments to online ones. This challenges the accurate capture of data on the number of WFP cooperating partners that have been assessed through the United Nations Implementing Partner PSEA Capacity Assessment. Moreover, the United Nations Partner Portal does not currently have a dashboard to automatically track the percentage of registered cooperating partners who have been assessed using the United Nations Implementing Partner PSEA Capacity Assessment.

## Gender equality and women's empowerment

Indicator name	No. of countries	No. of measurements	2023 target	2023 actual	Performance
CC.3.1 Percentage of households where women, men, or both women and men make decisions on the use of food/cash/vouchers, disaggregated by transfer modality – Decisions jointly made by women and men	68	183	50	46	92%
CC.3.2 Percentage of food assistance decision making entity members who are women	34	35	43	43	102%

## Environmental sustainability

Indicator name	No. of countries	No. of measurements	2023 target	2023 actual	Performance
CC.4.1 Number of country offices where field-level agreements (FLAs)/memorandums of understanding (MoUs)/construction contracts (CCs) have been screened for environmental and social risks <sup>5</sup>	51	N/A	40	51	128%
CC.4.2 Publicly available annual report on WFP's efforts to reduce their climate and environmental footprint (QCPR)	N/A	N/A	Yes	Yes	100%
CC.4.3 Percentage of country offices implementing environmental management systems	N/A	N/A	50	51	103%

<sup>5</sup> This indicator is aggregated for the APR based on the results reported by country offices using the CRF cross-cutting indicator CC.4.1. "Proportion of field-level agreements (FLAs)/memorandums of understanding (MOUs)/construction contracts (CCs) for CSP activities screened for environmental and social risks." As the target of this indicator is only relevant at country office level, at corporate level WFP monitors the number of country offices where the Screening for Environmental and Social Risks has been conducted. In the APR this corresponds to the number of country offices where the Screening for Environmental and Social Risks follow-up values are higher than zero and it is expected to reflect the number of country offices with applicable field-level agreements.

**Nutrition integration<sup>6</sup>**

<b>Indicator name</b>	<b>No. of countries</b>	<b>No. of measurements</b>	<b>2023 target</b>	<b>2023 Actual</b>	<b>Performance</b>
CC.5.1 Percentage of people supported by WFP operations and services who are able to meet their nutritional needs through an effective combination of fortified food, specialized nutritious products and actions to support diet diversification	53	131	N/A	54	N/A
CC.5.2 Percentage of WFP beneficiaries who benefit from a nutrition-sensitive programme component	64	165	N/A	54	N/A

---

<sup>6</sup> No targets are available for CC.5.1 and CC.5.2 in the 2023 APR given that this is the first year WFP reports on these indicators, for which 2023 actuals will establish the baseline and inform target setting for future years.
