WFP 2025 Global Outlook Launch

Friday 22 November 2024, 9:15–10:00 am

WFP headquarters and hybrid

WFP is launching the 2025 Global Outlook, to reinforce its ongoing commitment and advocacy for the most vulnerable and food-insecure communities around the world.

The WFP 2025 Global Outlook will include:

- Insights from the Executive Director, highlighting needs and WFP's value proposition and key solutions to hunger.
- WFP 2025 operational requirements and target beneficiaries, aligned to the WFP management plan for 2025–2027.
- A focus on the October 2024 updates of global acute food insecurity numbers based on latest analyses in countries with WFP operational presence and where data is available.
- Updates per regional bureaux, with operational requirements per country
- An overview of WFP footprint.

Following the approval of the management plan for 2025–2027 during the WFP Executive Board second regular session, the 2025 WFP Global Outlook will be officially launched on 22 November 2024.
