Supporting field-level implementation

#### **Overall Progress** (as of April 2025)

#### - Six main recommendations

- 45 actions
- Actions due in 2024: 78.7 percent are completed (24 actions closed, 2 rendered obsolete and 7 are open)
- Actions due in 2025: two are already closed
- In summary, 26 actions are closed, 2 are deemed no longer relevant and 17 are open, representing a 57.7 percent implementation rate

# **Towards Closing the Evaluation's Recommendations**

Recs/sub-recs	# of Actions	Closed	Open	Obsolete
1 (2 sub-recs)	8	6	1	1
2 (4 sub-recs)	10	6	4	
3 (4 sub-recs)	9	6	3	
4 (1 sub-rec)	2		1	1
5 (3 sub-rec)	12	8	4	
6 (2 sub-rec)	4		4	

### **PSEA: Delivering Impact, Confronting Challenges**

## Key Areas of Impact

- A strong **tone from the top** reinforces PSEA as a non-negotiable commitment
- PSEA **institutionalized** as a cross-cutting organizational responsibility
- PSEA integrated into core systems, policies and programming tools
- Enhanced partners' engagement on PSEA commitments
- Driving collective impact: WFP's
  Contribution to PSEA Across the System

## ▲ Key Challenges

- Funding cuts, heightened SEA risks
- Shrinking resources, growing demands
- Erosion of field level protection capacity
- Sustaining PSEA: a resource challenge for our partners
