CSP cross cutting priorities

WFP Somalia: Ready for the Transformation

Integrity

- Maintain and build on the trust that has been restored
- Renewed commitment to humanitarian principles as largest humanitarian actor in Somalia

Quality

- *Saving lives* focus, doing better for fewer with reduced resources
- Prioritizing the most vulnerable but still supporting pathways to self-reliance
- Convening and collaborating with all stakeholders to build sustainable government capacity

Impact

- Integrated programming and partnership approaches, data-driven targeting to support community resilience.
- Evidence generation, strategic information to continue to advocate for zero hunger in Somalia

Readiness

- Operational agility and preparedness for all modalities
- Adaptive mindset to challenging funding landscapes

Somalia CSP (2026-2030)

CROSS-CUTTING PRIORITIES
 Enabling nutrition and healthy diets
 Empowering women and girls and advancing equality
 Ensuring protection and accountability to affected people
 Integrating environmental sustainability
 Embedding humanitarian principles and conflict sensitivity
 Promoting localization and assurance

SAVING LIVES

NTP Pillar 2 (Economic Transformation)
 NTP Pillar 4 (Environment, Climate Resilience)

Crisis-affected populations have access to food and nutrition.
 Anticipatory action; early warning; early recovery, disaster risk management, capacity strengthening to enable governments to respond crisis.

ENHANCING SELF-RELIANCE

NTP Pillar 2 (Economic Transformation)
 NTP Pillar 4 (Environment, Climate Resilience)

Support vulnerable populations to build assets, diversify incomes, strengthen food security and build urban, peri-urban and rural resilience to shocks, and scalable livelihoods support to break the cycle of crises.

ENABLING GOVERNMENTS

NTP Pillar 3
 (Social and Human Capital)

Transitioning social protection and school meals programmes to national and sub-national governments.
 Leveraging public-private partnerships.

SUPPORTING HUMANITARIANS

NTP Pillar 2 (Economic Transformation)
 NTP Pillar 4 (Environment, Climate Resilience)

UNHAS, supply chain on-demand services, WFP-led clusters (Logistics and Food Security), logistics infrastructure development.

Thank you.

WFP Somalia
