São Tomé and Príncipe
Country Strategic Plan 2024-2028

Executive Board Informal Consultation
27 July 2023
**OPERATIONAL CONTEXT**

**Population**
- Population of 215,000
- 50% under 25 years
- 30% live on less than USD1.90/day

**Economy**
- Geographic isolation
- Reliance on imports
- 97% public investment financed through debt/Official development assistance

**Social**
- Inadequate social protection coverage
- Limited economic opp. for youth
- Persistent Gender based violence

**Health & Nutrition**
- High anemia prevalence (65% children under 5)
- Increasing overweight, obesity and non-communicable diseases

**Climate Change**
- High vulnerability to climate shocks
- Rising sea levels lead to floods, while drought accounts for 25% of hazards
**2G INTEGRATED APPROACH**

- **School Feeding**
  - Revised school feeding law & integration of school feeding into the social protection system

- **Climate Adaptation**
  - Green Climate Fund and subsequent development of a National Adaptation Plan

- **Emergency Preparedness**
  - Contingency plan to prioritise SF/SHF with food assistance while developing DRM and early warning systems

- **Local Production**
  - Focus on resilient food systems
